## Launch and Twenty-One Men Meet Same Fate as Petropavlovsk.

## EMPIRE IS DISMAYED

### Constant Reports of Terrible Disasters Without Warfare Appall Nation.

### BIG JAPANESE ARMY AT WIJU

[Special Cable to The Gazette.]

St. Petersburg, April 22.—Another story of disaster to the navy comes today from Port Arthur. Viceroy Alexieff telegraphs that a steam sloop engaged in laying mines in the roadstead has blown up, with Lieut. Pell, who was in command, and 21 seamen killed. This probably includes the entire ship's company. A mine which was being launched from the bows exploded and the vessel was destroyed.

This constant sinking of Russian vessels by their own mines has caused something like consternation at the admiralty and a rigid investigation has been undertaken with a view to finding out whether they are due to carelessness, incompetency, defects in mines or to some mysterious agency which is fighting against Russia.

The announcement has also added to the popular gloom which has prevailed since the disaster to the Petropavlovsk.

"We are paying the price of carelessness," said a member of the admiralty, "and previous disasters seem to teach nothing."

The war commission suppressed part of the viceroy's dispatch, which showed where the mines were being laid. It is believed that as launches were employed they were mining the entrance to the harbor in order to prevent the Japanese from forcing an entrance and attempting to destroy the remaining ships.

It is evident from the closing of the entrance that Viceroy Alexieff had no intention of allowing his ships to go to sea again even against an inferior force, though this may not be the policy of Vice Admiral Skrydloff, who will determine on a plan of operations when he assumes command.

The report circulated yesterday that Niuchwang has been bombarded by the Japanese seems to be unfounded. It also appears that the report of a decisive battle on the Yalu is incorrect, although petty skirmishes are constantly taking place there. This is evidenced by a report received today from Gen. Kuropatkin which says:

Big Force at Yalu.

"Quite a series of reconnoisances carried out on the Yalu have shown that the Japanese are concentrating in considerable force. It is believed that they have about one division to the north of Wiju. They are also beginning to concentrate troops in Wiju, from which place they have moved the Korean population.

"Information has reached us that quantities of material, apparently parts of pontoon bridges, are being collected opposite the island of Mabikhe.

"Our scouts have killed two Japanese scouts, one of whom appeared to be an officer."

"On our right flank our scouts executed daring reconnoisances extending over several days on the left bank of the Yalu, as the result of which it has been ascertained that there are only a few troops south of the Pomakus, but that the Japanese there are occupied in preparing boats.

A Russian detachment of two officers and 32 men proceeded thither in three boats. The detachment, however, was discovered by the enemy and shots were exchanged, three of our riflemen being killed. Staff Capt. Smelzin and 11 riflemen were severely wounded and Lieut. Pushkin and four men slightly wounded. The detachment returned to our bank of the river under the cover of two of our guns."

The report published yesterday in the United States to the effect that four unarmed American citizens were held as Japanese spies at Mukden; that an American named Reilly and a Canadian named Davidson had mysteriously disappeared from Mukden under circumstances which raised a suspicion of foul play were denied today by the foreign office.

The formalities of the purchase of three Argentina warships of the type of the Garibaldi, constructed at Genoa, appear to be settled.

The three vessels referred to are the armored cruisers Garibaldi, of 6,840 tons displacement, completed in 1896; the Gen. Belgrano, of 7,182 tons displacement, completed in 1899, and the Pueyrredon, of 6,882 tons displacement, completed in 1901.

The armament of the Garibaldi and the Pueyrredon are identical, namely: Two 10-inch guns, 10 6-inch, four 7-inch, 10 2-inch, one 4-inch and two smaller rapid fire guns. The Gen. Belgrano carries two 10-inch guns, 14 6-inch, two 3-inch, 10 2.2-inch, eight 1.4-inch and four smaller rapid fire guns. The Gen. Belgrano and the Pueyrredon are calculated to steam 20 knots an hour and the Garibaldi 19.2 knots.

### Attempt of Spies to Kill Kuropatkin Foiled

(Associated Press Cable to Gazette.)

ST. PETERSBURG, April 22.—Rumors are in circulation that two beggars attempted the assassination of Gen. Kuropatkin when he was in Niuchwang a few days ago. It is said that the beggars succeeded in approaching the general and were talking to him when a guard noticed that one of them put his hand inside his robe. The men were seized and searched and knives were found on them. It is said that the men were Japanese.

## AMERICA OWNS PANAMA CANAL

### The Title Now Vested in Government of the United States.

### 'TIS UNENCUMBERED

### Property Will Soon Be Formally Transferred and the Price Paid.

### U. S. OFFICIALS' STATEMENT

[Associated Press Cable to The Gazette.]

Paris, April 22.—The contract by which the ownership of the Panama canal passes to the United States is signed, sealed, delivered and complete. The title to the canal route is now vested in the government of the United States.

The public has been given to understand that the contract would not be executed until after the meeting of the stockholders of the Panama Canal Company tomorrow, at which the question of ratification will be presented. All that remains for the stockholders is to ratify an act already accomplished. W. A. Day and Charles W. Russell, the United States assistant attorneys general, tonight furnished the following official statement in writing:

"The papers transferring the rights and property by the new Panama Canal Company to the United States have already been executed and delivered. They will be ratified tomorrow afternoon by the stockholders' meeting. The arrangement includes a general conveyance and provisions for deeds and resignation in the republic of Panama and in the canal zone now under the jurisdiction of the United States, in which zone the civil law continues in force by reason of the cessation of the zone from a civil law sovereignty. All formalities of the local law on the isthmus have been arranged for and secured to the United States. The property will shortly be delivered on the isthmus and upon that being done the purchase price will be immediately paid. The full text of the principal documents will be made public tomorrow night. The United States gets an unincumbered title."

## MISS HUEY EXONERATED BY D. A. R. CONGRESS

### Action Was Taken After a Very Stormy Session at Washington.

[By Associated Press to The Gazette.]

WASHINGTON, April 22.—The stormiest sessions in the history of the National Society of the Daughters of the American Revolution occurred today, when the continental congress formally exonerated Miss Harriet Baird Huey of Philadelphia of the charges made against her personal and official character by Mrs. Thomas Roberts, former state regent of Pennsylvania, and declared that the charges constituted gross injustice.

This action was taken by the adoption of a report of the judicial committee which was empowered to investigate the charges which have caused wide dissension in the ranks of the daughters. A determined effort was made to visit punishment on those who participated in the circulation of the charges. Mrs. Edwin Orton, Jr., of Columbus, O., moved a vote of censure at the afternoon session and although it was lost, on an aye and nay vote, the champions of Miss Huey announced that they would take up the matter again.

Mrs. Quarles of Wisconsin was elected a vice president by 176 votes to 171 for Mrs. Little, of New York.

## ACTRESS LAURA BIGGAR DYING IN NEW YORK

### Former Husband Gone to Her and Is Willed Her Fortune.

[Special Telegram to The Gazette.]

KENOSHA, WIS., April 22.—The famous fight of Laura Biggar for the fortune of Millionaire Bennett of Pittsburgh, was recalled in Kenosha today when John W. McConnell, the actor who came to this city to play a part with the William Owen Company, received word that his former wife, Laura Biggar, is probably on her death bed at her home in New York. He left the Owen company this evening for New York.

The romance of Mr. McConnell and Miss Biggar has been closely connected with her fight for the property of Mr. Bennett and the former husband was one of the witnesses of the famous trial. Mr. McConnell has been notified that Miss Biggar has made her will, in which nearly all her property has been left to him. It is said Miss Biggar has placed a fortune of $800,000 at the command of Mr. McConnell, in order that their only child may be properly reared in case of her death.

## WILL FIGHT FOR RIGHTS OF CHILDREN OF THE POOR

NEW YORK, April 22.—The organization of a national child labor committee, whose purpose is to "supervise the action of existing state and labor committees in all parts of the country, and so prevent in the newer states the sacrifice of child life which has characterized some older industrial communities," was announced today. The committee includes former President Grover Cleveland, Mrs. Emmons Blaine, Stanley McCormick, Chicago; Cardinal Gibbons, Bishop David H. Greer, Talcott Williams, Philadelphia, and others.

## HEROES ON WARSHIP NAMED BY COWLES

### Reports to Naval Department Brave Deeds Performed During Missouri Disaster.

### PRIEST WRITES OF PERIL

[By Associated Press to The Gazette.]

Washington, April 22.—Capt. W. S. Cowles, commander of the battleship Missouri, in his report on the disaster which occurred on his ship, made public at the navy department today, tells of the deeds of personal bravery and of the acts of heroism which characterized the conduct of officers and men and of the total disregard of danger displayed in the work of saving the ship and rescuing the imperilled. He also gives many interesting details not heretofore published. Capt. Cowles says:

At 11 o'clock a. m., April 13, off Pensacola, Fla., while at record practice on range No. 3 and after the fifth shot, from the left gun, after turret, had fired, I heard an explosion, looked aft and saw a great flame bursting from the after turret. Sounding fire and collision quarters, I directed Lieutenant Commander F. K. Hill to take her into shoal water. He afterward anchored her in five and one-half fathoms. The other ships on the range followed us and offered every assistance, and were ready to save lives, as they probably expected us to blow up. I believed the ship to be in imminent danger and went quickly to the fire, and found the turret impossible to enter; streams of water were already directed into it. All entrances were barred with the dead and dying. Two were on top of the turret, one calling for help, and everyone trying to reach him.

Meets Father Gleason.

Passing around the turret, I saw Father Gleason, who offered to send a wireless for me to the admiral and I went below, reached the berth and splinter deck and found Lieutenant Commander J. M. Orchard directing streams of water below into the upper and thence overflowing into the lower handling room, in addition to those directed below from the turret by Lieut. W. R. White. I also met Gunner Cox, who said: "Magazines all flooded, fire not yet under control."

Then Lieut. C. Davis, coming up the ladder, said: "There is a man at the foot of this ladder who is alive and helpless." I went

## BREWERS WILL LOSE $100,000

### This Amount of Money Will Be Dropped in Profits During Suspension Period.

### TWENTY-ONE TRAINS OF BEER

It will require 21 trains to haul the 50,000 barrels of beer needed in Pittsburgh and Allegheny during the 15-day suspension order enforced on the local breweries by the license court. While the amber beverage is being rushed into the two cities by outsiders, home enterprises will drop about $100,000 in profits, and wage earners will lose $40,000.

These figures are from one of the high officials of the Pittsburgh Brewing Company. He says they are conservative. In this estimate the Western Pennsylvania trade is not included. The beer drinking population in the rural section is large and the thirsty citizens of the hills and valleys of Western Pennsylvania will either have to dring drug store whiskey or take their chance on getting booze through a possible freight blockade.

There is a relief if the worst comes to the worst, and the philanthropic brewers of other states find that they cannot secure enough cooperage to supply the demand in this famine stricken region. The relief will come in the shape of popular-priced excursions to the land where the ban is not placed in the brewing of malt. If beer will not come to the thirsty, the thirsty can go to the beer.

Hot Weather Predicted.

According to Col. Frank Ridgway, the weather machinery indicates a hot spell in this vicinity during the first part of May. He hopes to be able to temper the atmospheric condition so that the twin cities will be able to struggle through the period of suspension on 50,000 barrels of beer. To make the probable supply fit the demand, it may be necessary to

## THREE BANDITS PAY FOR CRIMES

### Neidermeier, the Leader of Chicago Murderers, Collapsed on Scaffold.

### WAS STRAPPED TO HIS CHAIR

[By Associated Press to The Gazette.]

Chicago, April 22.—Atheist to the last, but seemingly unnerved completely, Peter Neidermeier, the leader of the car barn bandits, was hanged today from a chair, contrasting with his companions in crime, Gustav Marx and Harvey Van Dine, who, standing erect, kissed an image of Christ and died without a tremor. The three executions were separate, 20 minutes apart, the same scafford being used for all. Only once before at the jail in this city has it been necessary to carry a condemned man to the gallows as Neidermeier was today.

The crime for which the three bandits paid the penalty was one of eight murders which the three men are known to have committed—that of Francis W. Stewart, a clerk in the car barns of the Chicago city railway.

Neidermeier had boasted continually of his courage, but as the last moments approached he collapsed and was unable to take three consecutive steps of a march to the gallows.

Neidermeier's feet were strapped together. He was handcuffed, placed upon a hospital truck and wheeled to the end of a tier of cells. Then three deputies carried him down a flight of stairs. Entirely contrary to general expectation, Neidermeier made no effort at resistance. Saying nothing, and appearing almost in a daze, he was seated upon a chair placed over the trap of the scaffold.

No minister or priest accompanied Neidermeier, he having finally said, when offered a last opportunity before leaving his cell, he would die as he had lived, an atheist.

In the opinion of some witnesses, Neidermeier was half crazed when the death warrant was read. He became angry and protested against execution, saying he did not wish to disgrace his family.

"Peters," said the prisoner, "let me look at that warrant."

After excitedly reading the paper, Neidermeier nervously folded it and started to put it in his pocket.

"You can't do that," said the chief deputy, "I have to return that to the court."

Neidermeier looked up quickly and with a ghastly smile said: "I want to take this along with me to prove a case of murder. I may want to make a complaint to St. Peter." He also entered into a discussion with the deputy sheriff on murder.

The only requests that the other bandits, Marx and Van Dine, made were that they be allowed to bid one another good bye which was granted. They counselled each other to be brave, and joined in hoping that they would "meet again."

## RAILROADS REFUSE TO LOWER LAKE COAL RATE

### Second Meeting of the Bituminous Carriers' Association Ends With Nothing More Accomplished Than the First Produced.

By concerted action yesterday the bituminous coal carriers refused to lower the freight rates from Pittsburgh to Lake Erie for lake shipments of coal. The formality of holding another meeting was gone through with at the Hotel Schenley, practically every railroad in the Western Pennsylvania and Eastern Ohio Railway Traffic association, the soft coal rate association, being represented.

The whole situation was gone over by representatives of nearly a dozen of the coal companies that have large interests in the northwestern coal markets reached by lake and rail shipment. It was pointed out that prices are lower for coal this year and that the miners have appreciated this and have consented to a reduction of their wages to help meet the changed conditions. The fact that the rates of last year were put on at a time when the rush of business was tremendous, and that in the last six months general financial and industrial conditions have changed radically were all pointed out.

It was shown that with the present freight rates unchanged an advantage unlike that ever given before was bestowed upon the Indiana, Illinois and Iowa coal operators, and that it was inevitable that they should capture in the northwest much business which had been developed by the Western Pennsylvania, Ohio and West Virginia operators.

After the operators were heard the railroad traffic heads and executives went into private session. Less than an hour later it was announced that there would be no change made from last year's rates, and the conference ended with nothing whatever accomplished.

There were many expressions of surprise at the outcome. It was generally believed that the month which has elapsed since it was first determined to hold this season's freight rates at the level of 1903 had proved that the action was a mistake.

## HOUSE REBUKE TO THE SENATE

### Will Not Accept Amendments to River and Harbor Bill.

### MEASURE WILL DIE

### Feud Has Been Precipitated Between the Two Branches of Congress.

### TO BE A TEST OF SUPREMACY

The Pittsburgh Gazette Bureau,
Room 10, Postal Building.
WASHINGTON, D. C., April 22.

The feud between the senate and the house of representatives is now on. It was inaugurated by the return today of the rivers and harbors bill from the senate with about 45 surveys for new projects tacked on as amendments. The bill as it passed the house provided for no surveys whatever and merely carried an appropriation of $3,000,000 to be placed in the hands of the secretary of war to be used as an emergency fund during the coming year. The house leaders have decided that there shall be no surveys this year on the ground that as there is now in the treasury $46,000,000 that has been appropriated for river and harbor improvements and which is still unexpended.

But the senate insists that there shall be surveys for new projects and they have stipulated the projects. This is the status of the contention. It is not so much a question of 45 surveys more or less with the house as it is a question of supremacy.

The amended bill as it came from the senate now reposes peacefully upon the speaker's table. All day long those who were interested in it waited for the announcement of the conferees to meet with the senate conferees and try to reach an agreement upon the terms of the bill.

Bill to Be Ignored.

Chairman Burton of the rivers and harbors committee was present when the bill was reported back from the senate, but he took no apparent interest in it. Then it dawned upon those who were on the inside that extraordinary means were to be resorted to. Inquiry developed that the program of the house leaders is to permit the bill to slumber on the speaker's desk and pay not the slightest attention to it. In fact, it is to be allowed to die there with the session. No conferees are to be appointed.

This is the plan that the house leaders have taken to demonstrate their resentment of the tactics of the senate and if it is adhered to it will prove the most radical ever adopted. No greater mark of disrespect for the upper branch of congress could be shown by the popular branch than that of ignoring it. It will precipitate a war that will not end for years and will write a dead line through the center of the capitol rotunda beyond which it will not be safe for senator or representative to pass.

It is known to be the dream of Speaker Cannon to see the house of representatives again placed in the position of power and influence in national legislation that it once enjoyed and it is believed that the speaker welcomed this opportunity to make a test of strength. For years the senate has held the whip hand in all conferences, especially upon appropriation bills, and the house has had to humiliate itself on nearly every occasion by giving in.

Rebuff to the Senate.

The house, working under its rules, can limit the debate upon any measure and prevent its defeat by filibustering. The senate has no rules to limit debate and consequently any senator who has the physical strength can talk a bill to death. The result is that the house has been obliged to knuckle under in all disputes or take the risk of important bills being talked to death. But in this case it is claimed that the failure of rivers and harbors bill will not work any great hardship and the house leaders are willing to sacrifice it rather than permit the senate to have its own way.

The surveys added to the bill in the senate represent improvements that will cost from $25,000,000 to $50,000,000 if they are authorized. A survey when voted is understood to in effect commit the government to the project, though this is not necessarily the case. But the members of the house were told that no surveys were to be authorized at this session and after each had made an attempt to get recognition for his pet project, they yielded. But the senate refused to yield to any such arguments and have made provisions for the surveys that they are most interested in.

This situation is what rouses the ire of the members of the house and they have doomed the bill to a sleeping death. Unless they relent there will be no bill and there will be administered to the dignity of the senate the greatest rebuff it has experienced in a generation.

## TO BUILD STEEL PLANT.

### Joseph E. Schwab Will Erect Foundries at Chicago to Cover 50 Acres.

CHICAGO, April 22. — (Special.)—A steel foundries plant, to cost between $600,000 and $700,000, is soon to be erected in Chicago by Joseph E. Schwab, ex-president of the American Steel Foundries Company, who resigned from the office on April 16. The plant will cover 50 acres and it is the intention to secure a long option on 50 acres more, on which to make extensions to the plant when required.

Plans have been prepared, and the preliminary work is well in hand. Mr. Schwab intimated that at present he is practically alone in the project. The plant will give employment to from 1,500 to 2,000 men, and the capacity will be from 3,000 to 3,500 steel castings a month.

## UNDER THE BAN OF MORMONISM

### The Church Dominates the Political Life of Utah.

### EX-JURIST TESTIFIES

### Former Federal Judge Tells His Experience in Prosecutions for Polygamy.

### MOSES THATCHER LOST CASTE

The Pittsburgh Gazette Bureau,
Room 10, Postal Building.
WASHINGTON, D. C., April 22.

Mormonism as the dominating power in the political life of the state of Utah was the one topic before the senate committee on privileges and elections today during the Smoot hearing.

It was described at length and in minutest detail by Judge O. W. Powers, a Gentile lawyer of Salt Lake City and once a United States judge in Utah, appointed by Mr. Cleveland. He has been the presiding justice at more than 100 prosecutions for polygamy under the Edmunds act, and is said by both the friends and foes of the Mormon church to have a knowledge of the organization quite as complete as any man not a member.

Judge Powers was put on the stand by the opposition to Senator Smoot to prove the complete control of politics in Utah exercised by the church. He was the only witness at both sessions and with an unusual capacity for clear statement gave a history of the connection between the church and politics such as has never been heard before by an investigating committee.

He went into the senatorial election of 1896 in detail. This involved the famous case of Moses Thatcher, who was the leading candidate for the United States senate through 40 ballots and was afterward finally defeated by the mysterious influence of the church.

Thatcher Refused to Recant.

Thatcher was one of the 12 apostles, and, together with Brigham H. Roberts, opposed the proposition that Mormons in order to become candidates for political office must first obtain the consent of high officials of the church.

The first time they ran for office, both Thatcher and Roberts were defeated. Roberts afterward recanted and was elected to the house of representatives, but was refused a seat because it was proved that he was a polygamist. Thatcher refused to recant, was defeated for the United States senate and afterward lost his high office as an apostle.

In order to substantiate the testimony of Judge Powers, the opposition to Senator Smoot has summoned Moses Thatcher himself and he will be present tomorrow to testify first hand as to the details of that election, and the discipline to which he was subjected by the church. Judge Powers was on the stand all day and will resume tomorrow. Moses Thatcher will immediately follow him.

Judge Powers said he had examined persons who applied for naturalization. In regard to an application by one Neil Hanson, Judge Powers said he was informed by Hanson that he would obey the laws of the church, rather than laws of the land if they should "run counter of each other." The application for citizenship was denied.

Marriages Were Secrets.

In regard to prosecutions Judge Powers said most of them had been for polygamous cohabitation. Few prosecutions were had for polygamy, he said, as there was then no marriage law and marriages were secret and polygamy therefore was hard to prove.

Judge Powers reviewed the political history of Utah to show the close relations of the Mormon church with political affairs; also the intimate associations of the church with the local and municipal governments. He showed that the church controlled in civil as well as ecclesiastical affairs. In one case it was shown that a man was disciplined and was summoned by Abraham O. Smoot, president of the high council of the Utah stake of Zion. It was not shown that any relationship existed between Senator Smoot and the man mentioned.

Among other matters of Utah history recounted by Judge Powers was the reconvened Democratic convention, October, 1895, when was raised the question of retaining its ticket in the field or withdrawing the ticket and opposing the admission of Utah as a state.

Witness also told of two teachers in Mormon churches and schools being deposed from their ecclesiastical authority because their political preferences were not approved by the church, and Nichol Hood, who wrote a letter adversely criticising the election of Reed Smoot to the senate on the ground that high church authorities should not accept such positions.

## RUSSIAN GENERAL'S WIFE IS MURDERED IN HER HOME

ST. PETERSBURG, April 22.—The wife of Gen. Standman, who lived in a handsome residence adjoining the winter palace, was murdered today in broad daylight. She was found in her room with her head chopped open with an ax. A valet was also murdered. The motive was robbery. Thousands of roubles in bonds and securities were taken by the perpetrators of the crime.

### Little Child and Father Murdered.

RICHMOND, VA., April 22. — In the Runnet bag section of Franklin county James Nowlin, while returning home from Endicott on horseback, was shot from ambush by unknown persons, as was his little daughter, who was sitting in front of him. Both were killed. The bodies were found in the road, with the child's arms around the father's neck. Nowlin was known among illicit distillers as an informer, and this is supposed to account for the murder.

# CITIZENS CAUCUS TO REPAIR BREAK

Bigelow Proposes to Lay Main and Ignore South Side Water Company.

HE ASKS FOR LEGAL OPINION

A caucus of the Citizens members of common council was held last night at the Citizens party headquarters, Third avenue, to discuss the hump and filtration projects. The caucus was the result of the break in the Citizens ranks in common council last Monday night, and was intended to bring into line the East End members who voted against the hump and the South Side members who delayed the filtration ordinance.

R. B. Ward, president of the common council, presided at the caucus. Director E. M. Bigelow was present. Director Bigelow assured the members that he would be able at the meeting of the common council Monday night to answer all objections to the hump ordinance, and also to convince the South Side members that they were not justified in demanding the purchase of the Monongahela works. President Ward said that only one South Side member was absent last night, and that he was ill. He said he expected the Citizens party to be in much better shape next Monday than last Monday.

President Ward made the important statement that the administration expected to get a legal opinion which might show that the city had the right to go ahead and lay water mains on the South Side without regard to the Monongahela Water Company. He said:

"I believe the whole thing will be cleared up by Monday. The mains of the Monongahela Water Company were laid many years, and it is the opinion of many that nearly all of these mains are worn out and too small to supply the present needs of the South Side. Of course it may be a good proposition for the Monongahela Water Company to sell its plant to the city at a good price, and I don't blame it, but it would hardly be good business policy for the city to purchase a plant that would be of little use after it obtains possession of it.

"I am satisfied," said President Ward, "that Director Bigelow will have the information necessary on Monday to answer all objection to the ordinance for the removal of the hump. It was a clever move on the part of the Republicans to bring the South Side matter into the filtration question, but to delay it on these grounds I don't think is wise or popular.

"What can a few men who have no practical knowledge of such things learn about preliminary filters in one day at Philadelphia? I believe the best policy is to go ahead and build the city for sand filtration, and if it is afterward found that preliminary filters are a good thing it will be time enough to adopt them. Philadelphia did not adopt them until long after it had voted the money for filtration and had its plants working."

President Ward's statement outlines the prospective course of the city administration supporters in common council Monday night. Director Bigelow hopes to conciliate the South Side members by a legal opinion from the city solicitor to the effect that the city can go ahead and lay water mains on the South Side as soon as the city is ready to do so, and that it is not necessary to purchase the Monongahela water plant at all. The money for the South Side mains, he will argue, can be secured either by setting aside a sum from the regular appropriations in the next two years or by an extra bond issue.

# POLICE PUZZLED BY A HOMICIDE

Two Brothers Were Handling a Revolver and Now One is Dead.

THREE MEN ARE UNDER ARREST

Joseph Stonice, aged 40, was shot and killed in his room in the rear of 333 Thirty-third street at 9:30 o'clock last night, and his brother, Martin, aged 25, is a prisoner at the Penn avenue police station, awaiting the investigation of the police and coroner. The prisoner told the police the shooting was accidental. The officers, however, discredit him. Martin said he and his brother were examining the revolver together when the cartridge discharged and the bullet entered Joseph's right temple. When the police arrived they found the revolver hidden behind a trunk, but there were no cartridges in the chambers. The police believe this is not the revolver which caused the man's death.

The brothers, George Borchinus and Joseph Zoris, proprietor of a Lithuanian boarding house, were sitting in a room on the third floor. Zoris was asleep. Joseph had been looking at his revolver, when his brother Martin asked him for it. Joseph passed the revolver over and were examining it together when it went off.

The bullet entered Joseph's temple and he fell on the floor dead. The report of the shot awakened Zoris, who jumped out of bed and found Joseph lying on the floor. The case was immediately reported to Inspector Robert Gray, who hurried to the scene with Special Officer Robert Wallace. In the meantime Policeman Clarance White arrived at the house and placed Martin, Borchinus and Zoris under arrest.

The body of the dead man was taken to the morgue. While Martin and Borchinus, who witnessed the shooting, tell the same story, the police are not inclined to believe them.

When the officers arrived and searched the room they found the revolver hidden back of a trunk. There were no cartridges in its chambers and no empty shells could be found about the room. When the three men were asked where the cartridges were, they pretended they could not understand the officers. A thorough search of the room was made, but the officers were unable to find any of the cartridges.

Officer Wallace became suspicious and suggested the revolver found behind the trunk might not have been the weapon with which Stonice was killed. The revolver found by the officers was a 32-caliber, and from its appearance it had not been recently used. There was no odor or stains of powder smoke in its chamber. The police made another search, but were unable to find any other weapon.

Zoris said the three men were on good terms when he fell asleep, and he knew of nothing between them that would cause a quarrel. Martin denies that he shot his brother. He maintains they both had their hands on the weapon when it was discharged and Borchinus, the only other witness, confirms this.

### Millvale Tailor Robbed.

The tailoring establishment of S. Sherf, 223 Grant avenue, Millvale, was entered by thieves early yesterday morning and goods to the value of $800 taken. The plunder was chiefly in uncut bolts of cloth. How the thieves got away with such bulky plunder without being noticed is a mystery.

## DINING A CELESTIAL PRINCE WORRIES A RAILROAD GREATLY

His Celestial Highness, Prince Pu Lun, nephew of the Dowager Empress of China and special embassador to the St. Louis World's fair, has been responsible for several bad half-hours for the passenger department of the Baltimore & Ohio railroad in the last few days. The prince came into Chicago yesterday morning, from the Pacific coast, and started last evening over the Baltimore & Ohio railroad for Washington. He is accompanied by a suite of 22, including the secretary of the Chinese legation at Washington, and family, and the consul general of the Chinese Empire at New York.

Appreciating the honor of carrying His Celestial Highness, the Baltimore & Ohio was eager to do all in its power to render exceptionally attractive his trip over "The Picturesque." One of the methods of doing this is a special dining car and the resourceful passenger officials thought of that plan at once. Then came the halt: "What will be served on that car?" Surely this child of heaven would not eat double top sirloins, drink Deer Park water, and otherwise so basely Americanize himself. Perish the disrespectful thought.

E. V. Baugh, superintendent of dining car service, was called to the rescue and suggested wiring the prince to see if it was his wish that the special diner be attached. It was prayerfully hoped for a time that the answer would be that special arrangement for the celestial had been made in the eating line. But the response came that the prince would be greatly pleased. All the other officials then threw up their hands and turned the task over to Mr. Baugh to do his best. Just what was done is a dark secret, but it is mysteriously rumored that resource was had to Clarke street, Chicago, for aid in the trouble. At least at the hour of going to press there is no word of a headless cook being removed from the car and it is supposed that the prince is satisfied.

# DICK LOST A POINT BY LEAVING CAPITAL

Will Return to Find Appointment Made for Collector at Sandusky.

[By Private Wire to The Gazette.]

WASHINGTON, April 22.—Senator Dick of Ohio will return to Washington to find the appointment of State Senator Judson as collector at Sandusky favorably reported to the senate for confirmation. Senator Dick made a personal request that no action be taken in this connection until opportunity had been afforded him to present his argument for the bill to abolish the Sandusky collectorship.

It is often easier to get favorable committee action on a federal appointment, but quite another to block confirmation when that appointment reaches the floor of the senate with a favorable report behind it. Senators usually have little difficulty in locating defects in the actions of a committee on any appointment. That was the course followed by Senator Foraker in blocking confirmation of Col. C. C. Dewstoe, appointed postmaster at Cleveland. When Senator Foraker requested delay in the consideration of this appointment the friends of the postoffice department it was thrust into a pigeonhole to accumulate dust until Senator Foraker should be again heard from. The senate postoffice committee has never even taken the appointment under consideration.

It was supposed that this would be the course followed by the senate committee on commerce, whose members were requested by Senator Dick to delay action on the Judson appointment. But apparently there are degrees to senatorial courtesy and limits to the influence of a new senator, especially when he runs counter to a senior well along on his second term. Senator Foraker having secured the favorite report so promptly, has stopped there until the return of Senator Dick. The latter must make any fight he intends to put up on the senate floor, with the odds against him.

# MASTER BUILDERS HELD ANNUAL BANQUET

Local Contractors Meet and Enjoy Evening Discussing Trade Conditions.

The second annual banquet of the Master Builders' Association of Allegheny county was held last evening at the Colonial hotel. About 250 contractors were present and listened to addresses. The guest of the evening was Benjamin D. Traitel of New York. He is president of Traitel & Company, and took a prominent part in the labor troubles during the past few months.

Benjamin D. Traitel.

J. Charles Wilson, the newly-elected president of the association, acted as toastmaster. "Our Organization" was the toast responded to by Councilman D. F. Crawford. He recited his experience during his career with the Knights of Labor and how he started in the contracting business.

"The Builder" was the subject handled by Mr. Traitel. "Our Work of the Past Year" was the theme of Robert K. Cochran, the secretary. "Sociability" was the subject of J. C. Mohney, and "Good of the Cause" was a topic several guests discussed.

## RAILROAD MEN APPROVE OF TECHNICAL COURSE

Director Hamerschlag Addresses Prominent Body of Specialized Students.

Several hundred prominent railroad men attended a meeting of the Railway Club of Pittsburgh at the Henry hotel last night to hear Arthur A. Hamerschlag, director of the Carnegie Technical schools, speak on technical education for transportation officials. His talk was most interesting and as a result of his visit to the club, the president, L. H. Turner, will appoint a committee to confer with the director regarding a railway course in the Carnegie schools. Director Hamerschlag said that the training of one who intends entering the railway business should first be elementary, then advanced and finally technical.

The report of a special committee on changes in master car builders' rules was adopted. Few changes were suggested. The report said in part:

In way of explanation for not treating on the important question of steel car values and repairs, your committee feels that the arbitration committee will be in possession of information from a large number of roads, and in better position to consider the matter more intelligently. Then to the fact that other car builders have, or are preparing to build all metal cars, the natural consequences will be a more aggressive competition. In regard to steel car repairs, the committee found that the time was too limited to undertake the work this year.

The committee was composed of George N. Dow, G. E. Carson, F. T. Hyndman, R. L. Kleine, J. B. Swann, W. J. Buchanan, S. A. Cromwell, A. LeMar, H. W. Watts, I. P. Yergy, F. H. Stark, chairman. At the meeting 10 new members were elected.

## STRIKE CAUSES PLANT TO BE CLOSED INDEFINITELY

SHARON, PA., April 22.—(Special.)—Clerks and other employes in the local offices of the American Steel Foundries Company were notified yesterday that after May 1, their services will not be required. The molders struck at the works some time ago and as a result the plant is badly crippled. It is the intention of the company to close the local works and operate the Alliance, O., plant. The Sharon plant will remain idle for an indefinite period and about 400 men will be thrown out of employment.

# ALEXIEFF TELLS ABOUT DISASTER

Viceroy's Official Report Shows Terrible Incapacity at Port Arthur.

ENEMY MISTAKEN FOR FRIEND

[Associated Press Cable to The Gazette.]

ST. PETERSBURG, April 22.—The text of Viceroy Alexiff's report to the emperor concerning the Petropaviovsk disaster and the torpedo boat engagement which preceded it, is as follows:

I respectfully report to your majesty that on April 11 the whole effective squadron at Port Arthur sailed out six miles to the southward to maneuver and toward evening returned to port. On April 12 a flotilla of eight torpedo boat destroyers went out to inspect the islands, having received orders to attack the enemy should he be encountered in the course of the night.

Owing to the darkness and a heavy rain, three of the destroyers became separated from the flotilla, two of which returned to Port Arthur at dawn. The third, however, the Strashni, having, according to the evidence of her seamen, encountered several Japanese destroyers, took them in the darkness for Russian ships, and, giving the signal of recognition, joined them at dawn. She was recognized by the enemy and there was a fight at close quarters, in which her commander, midshipman and engineer and most of her crew were killed. Maleiff, her lieutenant, although wounded, continued firing on the enemy.

At dawn, on April 13, the cruiser Bayan went out, preceded by destroyers, and hurried to the rescue. About 10 miles from Port Arthur the Bayan saw the destroyer Strashni engaged with four Japanese destroyers. Shortly afterward an explosion occurred and the Strashni sank. Driving off the enemy's destroyers by her fire, the Bayan approached the scene of the fight, lowered her boats and had time to save the remnant of the destroyer's crew. Unfortunately only five men were swimming. Their lives were saved.

The cruiser was obliged to fight on her starboard side with six Japanese cruisers which came up. Having picked up her boats, the Bayan gained the harbor, suffering no damage or loss, although covered with fragments of shells.

The cruiser Diana and five destroyers hastened to her succor, and at the same time the battleships Petropavlovsk, Battleship Petropavlosk and Poltava and some destroyers came out from the roadstead and the battleships left the harbor. In column formation, with the Bayan at the head and the destroyers on the flank, Vice Admiral Makaroff proceeded to the scene of the Strashni's fight, whither more Japanese destroyers and cruisers were approaching, and formed a short distance of 50 cable lengths distant (10,000 yards) the ships drew off.

A squadron of nine battleships appeared at 8:40 a. m., and our ships retired toward Port Arthur. The destroyers they were rejoined by the battleships Pobieda, Peresviet and Sevastopol, which were coming out through the channel. The squadron was drawn up in the following order: Askold, Bayan, Diana, Petropavlovsk, Peresviet, Pobieda, Novik, five destroyers and two torpedo cruisers.

They turned toward the left, but when approaching the mouth of the channel the destroyers were signaled to return to the harbor and the cruisers to proceed. Maneuvering with the Petropavlovsk at their head, the squadron turned to the east, making toward the enemy on their right.

At 9:43 a. m. an explosion occurred at the right side of the Petropavlovsk; then a second and more violent explosion under her bridge. A three cornered column of white smoke was seen to rise from the battleship, her mast, funnel, bridge and turret were thrown up and the battleship heeled over on her starboard side. Water poured from the rear, showing her screw working in the air. The Petropavlovsk was surrounded by flames, and in two minutes sank, bow first.

Some of her crew escaped. The cruiser Gaydamak, which was a cable length away, lowered boats and succeeded in rescuing Grand Duke Cyril and 47 seamen. The destroyers and boats from the Poltava and Askold also picked up some of the Petropavlovsk's crew. Altogether seven officers and 73 men were saved. The Poltava, which was following the Petropavlovsk two cable lengths astern, stopped her engines and remained on the scene of the disaster.

At a signal from Rear Admiral Ouktomsky, the other warships made for the entrance of the harbor, maneuvering toward the Peresviet in line. A mine exploded under the starboard of the Pobieda. She listed, but proceeded and entered the harbor with all the other ships astern of her. The enemy remained in sight until 3 o'clock and then disappeared.

The night preceding the sortie of the squadron lights and the outlines of ships were seen in the distance from the roadstead and the commander of the fleet kept watch in person until dawn from the cruiser Diana, stationed in the outer roadstead. He left her at 4 o'clock in the morning.

In concluding, I take the liberty to announce respectfully that despite the ill-success which has attended the Pacific fleet, the crews of the ships retain their morals and are ready to perform all duties required of them. The gracious words of your majesty addressed to these seamen at this painful hour of trial serve as a consolation and a support to all the forces in their futile efforts to overcome the enemy, to the glory of their beloved sovereign and their country.

## WEBBER IS NOMINATED IN FOURTEENTH OHIO

MANSFIELD, O., April 22.—(Special.)—Judge Amos R. Webber of Elyria, Lorain county, was nominated for congress by the Fourteenth district Republican convention on the ninety-fifth ballot this afternoon, receiving 147 votes to 51 for Huntington Brown of Richland, 46 for George Sommer of Huron and 5 for Frank V. # GROSVENOR REPLIES TO ATTACK ON ROOSEVELT

The Ohio Congressman Defends Himself and Eulogizes the President.

[By Associated Press to The Gazette.]

WASHINGTON, April 22.—President Roosevelt was assailed in the house today by Mr. Claude Kitchin of North Carolina, who included in his castigation Gen. Grosvenor, whom he charged with having humiliated Theodore Roosevelt, the vice presidential candidate, whom in a recent speech in the house he had glorified as the worthy successor of McKinley.

"I never said he was distasteful to me as a candidate," said Gen. Grosvenor. Mr. Roosevelt was put on the ticket with Mr. McKinley but it was McKinley who got all the abuse. Gen. Grosvenor said that no man on the stump ever made a better impression on the country than did Mr. Roosevelt in the campaign of 1900. His dignified manner of presiding over the senate and his modesty with senators was commendable. Then came the crisis in his life, the death of Mr. McKinley. "And then it was," said Mr. Grosvenor, "that the crocodile tears of the Democrats began to flow. The statement of Roosevelt at the bier of McKinley that he would carry out the policies of McKinley saved untold money losses in this country.

"I stand here today a friend of McKinley, and I say that there is not one of McKinley's friends willing to say that they have not always been treated with kindness and consideration by Theodore Roosevelt. If you think so you will find when the campaign is over that you have been casting your arrows up the tree where the bird was not roosting."

There would be no one cheated when Roosevelt was nominated at Chicago. All know who and what he is. No man in this country ever had a brighter or more brilliant career or had succeeded to a greater extent beyond the hope of his closest friends. Mr. Grosvenor said that the Democratic party had met in New York and had made a botch of making a platform; and as to their candidate no one knew whether he stood on his head or on his heels.

"Conservatory Model" Upright Piano Only $185

$15 FIRST PAYMENT AND $7.50 A MONTH.

A first shipment of 50 of these beautiful "Conservatory Model" Upright Pianos has arrived. And in placing them on sale we inaugurate a system heretofore unknown in Pittsburgh. We mean to sell at retail a piano of intrinsic musical merit at less than its ordinary cash price, and let you have it on monthly payments that are open to any trustworthy person.

Fifteen dollars is all that is required to secure the delivery of this piano, and the remaining payments may be made at the rate of $7.50 a month until you have paid the purchase price of $185.

The "Conservatory Model" is identical in quality with pianos sold elsewhere whose average price is $250. It is of modest design, but every line is in exquisite taste and the instrument is, highly finished, the general effect being one of dignity and refinement such as characterize the finest pianos; 7½ octaves; 3 pedals; triple strung treble; full iron plate; and possessing other thoroughly up-to-date features.

It is hardly necessary to suggest that the reputation of this house is sufficient guarantee as to the quality of the "Conservatory Model." This reputation is the result of over a third of a century's experience in the sale of the most famous pianos—such, for example, as Decker Bros., A. B. Chase, Fischer, Schumann and others. The "Conservatory Model" has been thoroughly tested, and we can say in fullest confidence that it is the best piano we have ever seen at so low a price as $185.

Price includes a stool and scarf of the latest design and delivery is FREE to any address within the limits of Pittsburgh and Allegheny.

# HOWARD AGAIN SENT TO PENITENTIARY FOR LIFE

Court of Appeals for Third Time Approves Conviction for Goebel Murder.

[Special Telegram to The Gazette.]

LOUISVILLE, KY., April 22.—The court of appeals today, for the third time, passed upon the case of James Howard, the Clay county feudist, convicted of the murder of William Goebel, and affirmed the life sentence of the jury at the last trial.

Howard's counsel hope to bring the case before the supreme court of the United States. Meantime Circuit Judge Cantrill, before whom Howard was tried, will issue an order removing him from Louisville jail to the Frankfort penitentiary. Judge Settle delivered the opinion of the court in which the four Democratic judges concurred. The two Republican judges, O'Rear and Baurnam, in an opinion by Judge O'Rear, dissent in part. Judge O'Rear says:

"I am unable to agree with the members of the court who hold that the presence of the accused in a felony trial can be dispensed with, even by his consent, during the impaneling of the jury or at any other stage of the trial."

Caleb Powers, from whose office the assassin, either Youtsey or Howard, is said to have fired the fatal shot, was intensely interested in the verdict of the court, as his own appeal, upon almost identical grounds, is pending before the same court, and may be decided almost any day. Powers refused to discuss Howard's case further than to repeat that he had been convicted on perjured testimony.

## AMERICANS BARRED.

Pittsburgh Firm Fails on Toronto Contract Though Bid Was Lowest.

TORONTO, ONT., April 22.—(Special.)—Notwithstanding the fact that the tender of the firm of John McNeill & Co. of Pittsburgh was 48 cents per lineal foot under the lowest Canadian tender for the big iron pipe across the bay to enable the city to double its water supply, the board of control of the city council decided to accept a local tender.

The extra cost to the taxpayers will be $3,036.40 on this contract alone, but there are several other contracts for even larger amounts than the one under discussion, and it will be seen that if this policy is pursued throughout the taxpayers will be about $50,000 out on the half million to be expended. The McNeill company's price was $13.72 per lineal foot and the Canada Foundry Company, Toronto, $14.20. The total length of pipe is about 7,680 feet. In the discussion the aldermen declared that no Canadian firm had ever secured a municipal or state contract across the line.

The policy of the council is in line with that of the provincial and Dominion governments, which seeks to induce American firms to locate here if they desire to secure Canadian work.

# PITTSBURGH BREWERS WILL LOSE $100,000

Continued from First Page.

quarantine Wilkinsburg and other local option towns in the vicinity of Pittsburgh. Local brewers admit that the beer will have to be brought into town and the thirsty have their eyes turned toward Cincinnati, Milwaukee and St. Louis. The publication yesterday of a dispatch from Greensburg that the surplus of the Westmoreland breweries was to be rushed to Pittsburgh caused indignation in Greensburg. Pressure must have been brought to bear on the Pittsburgh Brewing Company, for an official of that corporation announced that it was ridiculous to talk of taking beer out of Westmoreland. He says that the output of their three or four breweries is needed to quench thirsts in the "Star of the West." While it might be possible to get a couple of hundred barrels of beer from the county, what's 66,000 glasses when the daily consumption here is 1,020,000 glasses?

The local breweries could make preparations for a good deal of the trade of the supply of barrels was sufficient. Cooperage costs money and the brewer does not keep any more capital thus tied up than is necessary. The barrels are kept in motion, the full ones going out and the empties coming in. So the task of supplying the 28,400,000 glasses of beer needed to lubricate parched throats during the suspension period will fall upon the outer world. The foreign breweries will experience the same trouble in finding a sufficient number of "packages" in which to ship the thirst-killer. There will likewise be a problem for their local agents in the handling of the beer as it is dumped into the city at the rate of almost two train-loads a day.

To handle 50,000 barrels of beer 21 trains of 40 cars each will be required. This would make a string of cars and engines reaching from Pittsburgh to Homewood. Beer sells at $6.50 a barrel and an idea of the money which will be taken out of town can be easily figured out. A brewery official says that the brewers of Pittsburgh and Allegheny will lose $100,000 in profits by the suspension. Many of the employes at the breweries will be laid off for 15 days and the estimated loss in wages is $40,000. In addition to this the local concerns will suffer by the loss of trade taken by the foreign breweries.

## ONE KILLED, FOUR WOUNDED IN A POLITICAL FIGHT

CHARLESTON, W. VA., April 22.—(Special.)—A shooting affray took place on a train on the Paint Creek branch of the Chesapeake & Ohio railroad last night among a crowd returning from a political meeting, which resulted in the killing of Jake Woody, white, and the fatal injury of a colored man, also named Woody. Three others were wounded in the fight.

### Uniontown Mill Burned.

UNIONTOWN, PA., April 22.—(Special.) The three-story flouring mill of Samuel Mosser at this place was destroyed by fire late tonight, the loss being $25,000, on which but a small amount of insurance was carried. It is not known how the fire originated. Small damage also was inflicted on several residences nearby, which were scorched and partially burned by the fire.

### Instructions for Roosevelt.

GREEN BAY, WIS., April 22.—Congressman E. S. Minor received unanimous renomination in the Eighth district Republican congressional convention today. Delegates to the National convention were elected. The resolutions instruct for Roosevelt.

### Fresh Indorsement for Roosevelt.

ALPENA, MICH., April 22.—Congressman George A. Loud of Ausable was renominated here today at the Tenth district Republican convention. The convention adopted resolutions indorsing the administration of President Roosevelt.

### DIED.

WALTERS—On Friday, April 22, 1904, at 11:30 p. m., at his residence, 813 Hill avenue, Wilkinsburg, MILLER E. WALTERS, aged 33 years, of typhoid fever.

Notice of funeral later.

# HEROES ON WARSHIP NAMED BY COWLES

Continued from First Page.

down and felt about and found J. T. Donnelly, ordinary seaman, and brought him up, being assisted by Chief Machinist C. Crofton, a man on the sick list, who had thrown away a crutch.

Mr. Davis mentions this man especially. I afterward returned and pulled out three more whom I could not recognize, and finally ordered up Midshipman A. G. Caffee, who heroically persisted in pulling an almost lower handling room up to his neck in water and much overcome by the fumes. He had to be led out. He afterward resumed his place on deck and assisted the navigator, who was in a very poor condition. Those then Lieut. Davis, Midshipman Caffee and Chief Machinist Crofton came under my immediate observation.

Lieut. William P. Scott was first in the turret, followed by Lieut. R. Arle, Lieut. Marshall and Paymaster Dyer remaining on top to help get out wounded who came from the turret. Lieutenant Commander Orlando and Lieut. Davis especially. Mr. Cox was up and down everywhere looking out for possible flames where smoke still continued after the fire was under control, as the fire to be under control at such a moment was. Lieut. Gleason was everywhere assisting everyone. Ensigns Hammer, Spotter and Volunteer were hard at work. Dr. Urle and his corps all looked after the wounded as they arrived. Lieut. Crank and Midshipman Halsey helped him all night. Surgeon Urle fell down the hold and hurt himself badly, and no one was the wiser until all was over. Midshipman Barnette, Midshipman Bagley and Midshipman Rogers were all busy at their posts. Everyone, officers and men, were cool and collected, and everyone helped intelligently.

It is shown by the report that Master-at-Arms Elliott died while going to the rescue of others and that Shipfitter Burgess and Electrician Leary were injured while doing rescue work. Those who escaped from the handling room and were still living at the date of the report, April 16, were J. M. McDade, ordinary seaman; R. Starr, seaman; F. C. Schaub, apprentice, and W. S. Wells, landsman. The names of the heroic dead are given in two classes—those who died at their post of duty in the turret, 19 being named, and those who died at their posts in the handling room, 12 being named.

NEW YORK, April 22.—(Special.)—Father Gleason, chaplain of the battleship Missouri, whose conduct at the time of the awful tragedy aboard the warship earned official commendation, has written a letter to his friend, Harry Campbell, a merchant of this city, about the disaster. The letter says in part:

I am alive today only by a pure miracle. I was on the turret three minutes before the explosion occurred and left it only to see a man who was sick in the forward part of the ship. I had hardly reached there when the explosion occurred. Returning, I saw that an awful calamity had occurred, hurried down to my room through the smoke for my oil, stocks and stole and was in the thick of the work immediately. For 10 minutes, while anointing the stricken and dying men of the turret, I expected to be killed. So did every man beside me. They passed the word to us that the magazines below were on fire. There were 32 tons of smokeless powder stored in them, and if once the fire had reached through the copper casing, it would have been all up with us. I worked on, giving an encouraging word to the men and helping them and the officers to get the bodies out as quickly as possible. I shall never see such awful sights while I live again and never be so near death. When the water at length had the magazines flooded, and the wooden battens burned away, 10 seconds more would have ended everything. I have kept my name out of the papers.

## SULTAN IS PLEASED.

Treats American Crew to Fine Trip, Because Medjidia is Splendid Ship.

CONSTANTINOPLE, April 22.—(Special Cable.)—The Turkish cruiser, Medjidia, built at Cramps shipyards at Philadelphia, arrived at Mytilene today and was delivered to the Turkish officials by her American officers and crew. The sultan was so pleased with the Turkish admiral's report on the cruiser that he sent a complimentary telegram to President Roosevelt and a personal message to United States Minister Leishman, commending the high qualities of the American shipbuilding industry. His majesty has invited the officers and crew to visit Constantinople at his expense.

### Austrian Ministry Resigns.

MELBOURNE, April 22.—The federal ministry has resigned.

# BILLION DOLLAR MARK IS IN SIGHT

Total Valuation of Property and Occupation in the County Is $730,304,775.

INCREASE OF $136,000,000

The total valuation of the county is rapidly growing toward the billion dollar mark. The commissioners say that if complete returns were made by the assessors, it would require ten figures to tell the total.

The tri-ennial assessment is about completed. The unofficial totals show that the valuation is $730,304,775. The figures follow:

Pittsburgh—Real estate, $354,447,814; personal, $958,475; occupation, $30,059,035; total, $385,464,824.

Allegheny—Real estate, $8,146,304; personal, $499,149; occupation, $19,038,910; total, $99,484,454.

McKeesport and boroughs—Real estate, $123,708,615; personal, $570,895; occupation, $12,355,560; total, $136,434,770.

Townships—Real estate, $82,773,752; personal, $1,111,180; occupation, $6,812,365; total, $90,197,298.

The total valuation of real estate is $655,869,325; of personal property, $2,901,190; of occupation, $61,534,290, and the grand total is $730,304,775.

The total of the last tri-ennial assessment was $594,000,000, or $136,000,000 less than the figures of this year. In 1902 the valuation was $607,341,280 and last year it was $641,864,487.

The present millage is 1.8 mills for Pittsburgh and Allegheny, and 2.55 mills for the balance of the county.

The county commissioners have had trouble in getting the figures in the tri-ennial assessment. This was especially true for the Twentieth, Twenty-first and Twenty-second wards of Pittsburgh. It was finally found necessary to take the figures from the city books. The commissioners deducted 2 per cent from these assessments. There were few appeals from these wards. For the next three years the $730,000,000 valuation will taken as a basis in issuing the annual allowance of road bonds. The isue for this year will be $7,000,000.

In Controller R. J. Cunningham's annual report he made this reference to the bonded indebtedness of the county: "While the bonded indebtedness shows an increase of $881,000 over that of last year, there was paid in addition to the annual redemption of $25,000 of compromise bonds, $154,000 of four per cent riot bonds. The apparent large increase in one year is due to two issues of road bonds being charged to the indebtedness this year by reason of the $550,000 issue of 1902 not being delivered until 1903, owing to the stringency of the money market. This issue of 1902 was properly chargeable to that year."

## ARTESIAN WELL PLAN APPROVED BY COMMITTEE

Drinking Places to Be Established in Front of School Buildings.

The council committee on public works met yesterday afternoon and approved the ordinance of A. G. Roehigh for the construction of artesian wells in front of each public school of the city and 20 other wells in the downtown section and in the parks. For this purpose he asks $30,000 be set aside and the money be taken from the regular appropriation of the water bureau. He said yesterday he did not know whether this would create a shortage in the water appropriation or not, but thought if it would, sufficient money might be spared from the bureau of health fund to make up the deficiency. He thought the wells might be drilled for $15,000 or $20,000.

The committee also approved the ordinance directing the director of public works to let contracts for the building of the Wilmot street bridge, for which councils has appropriated $128,000. Director E. M. Bigelow has declared that this bridge is not a necessity and for this reason he failed to ask for authority from councils to let the contracts. The Fourteenth warders, however, took the matter into their own hands and J. A. Perley introduced an ordinance directing that the work be started.

Other ordinances favorably acted on were: Authorizing the letting of a contract for a foot-bridge crossing Haight's avenue on the line of Homer street; repaving of Thirteenth street from Etna street north; authorizing contracts for laying of water pipe lines in Shady avenue, Northumberland avenue, Collins avenue, Chislett street, Cable place, Wilmot street, Millvale avenue, Kinkaid street, Dahlia, Holmes and Kilbuck streets, Lemington avenue; authorizing the purchase from the Alexander King estate of a water pipe line system in Nineteenth ward; repaving of Forbes street from the end of present pavement west of Woodlawn avenue to end of present pavement east of Beeler street; accepting the improvement of Meadow street; for the grading, paving and curbing of Biddle street, Broad street, Bunkerhill street, Denniston avenue, Duncan avenue, Gettysburg street, Lombard street, Lyman street, Sandusky alley, Selma street; for the paving and curbing of Kincaid street; opening Bryant street, Gettysburg street, Hastings street, Mellon street, Omega street; for sewers on Diana alley, Kincaid street, Oneida street, and in rear of private properties near Joel's lane; for a relief sewer on Euclid avenue.

Benjamin Franklin said: "If you would be wealthy, think of saving as well as getting; that means to place a fixed portion of your income at four per cent interest with the Pittsburgh Bank for Savings, Smithfield street, opposite postoffice.

# THE TRAINED NURSE

HER STRENGTH SOMETIMES TAXED BEYOND LIMIT.

A Graduate of the New York Training School Tells How She Recuperates After Heavy Strain.

The trained nurse plays a very important part in the modern treatment of disease, greatly to the relief of both doctor and patient. Because she is well disciplined she is able to perform difficult service and to endure fatigue in a manner that excites admiration and wonder.

She is human, however, and in trying cases the demands upon her strength prove excessive. She fulfills her duty nobly to the last moment, but, as soon as she is relieved she is compelled to build up her own weakened powers. She naturally wants the remedy that will restore her efficiency in the shortest possible time, and as her knowledge of medicines is wide, her choice is likely to be a sensible one and a remarkably good guide for everybody else.

Every word of the following careful statement of Mrs. Jessie M. F. Cummings, of 61 Whitmore street, Hartford, Conn., a graduate of the New York Training School for Nurses, is entitled to the weight which attaches to the utterance of an expert:

"Several months ago," said Mrs. Cummings, recently, "I was completely worn out as the result of a very serious and trying case I had attended. I needed a tonic, and so I got six boxes of Dr. Williams' Pink Pills for Pale People and took them faithfully. I obtained the good from them I expected to, and I can say with truth and pleasure that the remedy is a splendid tonic for woman's nerves."

The soundness of Mrs. Cummings' opinion is confirmed by the experience of numerous sufferers from nervous disorders of every kind and degree, from simple debility to partial paralysis. Dr. Williams' Pink Pills have cured obstinate cases of neuralgia, prostration, sciatica and St. Vitus' dance; they have even conquered the most frightful of nervous diseases, locomotor ataxia, after the patient had been reduced to a state of helplessness and had been told to prepare for death.

They check waste and begin to minister a fresh and lasting vitality at once. They are sold by all druggists throughout the world. A booklet giving information of great value in the treatment of nervous diseases will be sent free on application to the Dr. Williams Medicine Co., Schenectady, N. Y.

## Pretty Things for Pittsburg's Pretty Babies.

Juvenile prettiness in things wearable is associated with simplicity, and simplicity is first cousin to daintiness. The daintiest things for baby and the tots of one, two and three years are on view in the Infants' Department of the second floor, East.

If you say something real pretty but inexpensive, it will be shown you; if you have a notion for something showing the exquisite handiwork of the French needlewoman, it will be forthcoming. We have them all in greatest variety. Let's run through a portion of the exhibit together:

Infants' Caps from Paris, made of mull, finished with tucks and ruching around face. Will you believe it, the price is only 25c?

And right here is a good place to show the wide range in infants' millinery. The daintiest creations in French Bonnets for the little people—bonnets of chiffon and lace and ribbon, and trimmed with rosebuds and flowers; the lowest priced one is $8.50 and the highest priced $28.

Now from 25c to $28 mothers can well assume they can find what baby is entitled to in the way of something neat, right in this department.

As to Coats, every style and any style that Fashion says is correct. Walking Coats, three-quarter lengths and short Reefer styles, of either pique or linen, exquisitely trimmed with embroidery, prices begin at $1.75 and rise easily to $5.50 for hand-embroidered French coats. Then from this price of $5.50 we have French Coats graduating in price up to $45.

Cloth Coats of serge, pongee, taffeta and novelties, all colors and all styles of trimming, from $6 up to $30. Sizes for 1, 2 and 3 years.

Special attention given to Infants' Cloaks—always have them a-plenty. Long Cloaks of cream bedford cord, China and bengaline silk, henrietta and novelty cloth, $2.50 and up to $35.

### Copyright Books for 45c Each.

Standard editions of popular books, nicely bound. All well printed on good paper and many of them illustrated. Hundreds of titles to choose from, from which we cull the following random dozen:

"The Right of Way," by Gilbert Parker.
"The Mississippi Bubble," by Emerson Hough.
"The Long, Straight Road," by George Horton.
"The Loom of Life," by Charles Frederick Goss.
"Cecilia," by Marion Crawford.
"Fugitive Anne," by Mrs. Campbell Praed.
"Jewel Mysteries," by Max Pemberton.
"Graustark," by George Barr McCutcheon.
"Castle Craneycrow," by George Barr McCutcheon.
"In the Palace of the King," by Marion Crawford.
"Checkers," by Henry M. Blossom, Jr.
"Last of the Knickerbockers," by Herman K. Viele.

To while away the time while traveling and for the chance half hour, we have a real good line of paper bound books at 10c each.

### Toilet Creams for the Skin.

It used to be said that March winds played havoc with the feminine face, but as March has changed place with April it is the April winds that now do the damage.

At our Toilet Counter we have many different creams, each and all agreeable to the skin.

Creme Doris is a preparation from our own laboratory, therefore we know it is pure. It is specially good for the massage, and men will find it very soothing after a close shave. Sample free for the asking. 35c and 50c a jar.

Magda Cream, a composition of cucumber and orange flower water, highly prized on account of its tendency to prevent wrinkles. It doesn't stop the tread of Time, but it does prevent the ravages of Time. It is a great seller—we started on dozens and now we order by the many gross. 50c a jar.

Marvelous Cold Cream from Hudnut's great New York laboratory, another massage cream, 50c a jar.

Espy Cream, in liquid form, admirable for rough skins. 25c a bottle.

Holmes' Frostella, another liquid cream, 25c a jar.

White Lilac Cream, a new liquid preparation just introduced, and one which comes highly recommended for a fine skin preserver. It is said of it that it will render the skin soft and smooth in a few minutes after application. Men will appreciate it as a fine application after the shave.

### The Kodakery Season About Here.

Only the kodaker knows how interesting is this pastime. It seems to the onlooker but a pleasant diversion, but amateur photographers all over the city will tell you there is no more intensely attractive means of whiling away the hours than by the means of a kodak.

We have Eastman's Kodaks, because they are the best. We have a nice little Brownie for $1.00 or a superfine Kodak for $75.00. Lots of others at in-between prices.

Besides the kodaks themselves we have everything for kodakery, such as films, developing apparatus, etc.

### Steel Lawn Swings.

Here is a lawn swing that absolutely will not break down. Buck's Steel Lawn Swings are the best of their class, and we are the sole agents in Pittsburg. They sell everywhere for $15.00 each, but this season we bought so many of them that we obtained a concession in price.

Order them now, and we will say $12.50, instead of $15.00, and deliver at your convenience.

On sale, East Basement.

### Hats for Boys and Girls.

These are in our Hat Store, second floor, East—adjoining clothing department. Every style of hat and cap is to be seen there.

Linen Hats for boys and girls—those that have great wide roll brims stitched through and through—white, tan, blue and mixtures—$1.50 and up to $3.00.

Silk Hats of same general styles as the foregoing and in many different colors, $2.00 each and up to $5.00.

Straw Hats, also having wide brim, rough straw and the finest of Milan straw—natural, blue and white—$1.50 and up to $6.00.

Boys' Caps, every style from the rather large Buster Brown, which the little fellow wears, to the diminutive skull Eton, which the big fellows of 16 and 17 wear, 50c and up to $1.50.

### The Means of Amusement for Young and Old.

In the East Basement, in the two big departments, the Toy Store and the Athletic Department, young and old will find the means of amusement. Not the least among them are the accoutrements for the popular American game of baseball. Everything to help along that fashionable sport, golf. For those who like the British game of Archery, we would say we have all sorts of Archery goods.

The foregoing for everybody, the following more particularly for children:

Wagons, Velocipedes, Tricycles, | Bicycles, Hand Cars, Wheel Barrows, etc.

### Look Out for the Go-Carts.

The season will soon be with us when the Go-Cart will be a familiar figure in the highways and byways. It's no more than right, either. Why shouldn't the youngest and most despotic member of the family have a daily airing when the weather permits?

Our line of Go-Carts for the Spring and Summer of 1904 is a particularly fine one. Fine as to the quality of the vehicles themselves, and fine as to variety.

Go-Carts, the regulation kind, from $8.50 to $35.00.

Folding Go-Carts—$4.00 to $13.50. Perhaps you don't know that these fold close enough to pick up and carry along into a street car, or up into any floor of an apartment dwelling.

Reclining Go-Carts, that also fold, $4.50 and up.

### Men's Fancy Vests.

Just as one steps off that special elevator running to the Clothing Store, he will notice a case filled with fancy vests. That case is put there to let you know that fancy vests are now the rage.

There are vests of fancy linen, mercerized vests, worsted vests, and very light wool vests. The prices are $2.50 and up to $6.00.

Showing the best examples of Dress Vests at $5.00 and $6.00.

Fashion says the single-breasted vest is the proper one this season—don't ask for a double-breasted vest in the fancy line. You wouldn't wear one if we were to show it to you.

### Hammocks—We're Ready, Are You?

Yes, it is a bit early to speak of Hammocks, from your viewpoint. From ours, we've been thinking on the matter for many a week, preparing the largest line of Hammocks our store ever saw. Now our preparations are complete, and we simply give you notice of the fact. Hammocks for $1.00 and from that figure to $6.50.

Let us show you the "Princess Hammock." All colors. Something extra good. $5.50 and $6.50. We are sole agents.

Hammocks are on sale in East Store, Basement.

The strike on the Hungarian government railroads may prove very instructive to the advocates of state socialism. The railway employes there are no more satisfied than elsewhere, and the government appears to have no more power than a private corporation to compel them to work when they do not want to. The authorities have made many arrests among the leaders without weakening the movement, and the strikers are running trains to carry all of their men to Budapest. What they will do when they are concentrated in the city may possibly make the authorities sorry they cannot arrest all of the strikers and possibly may make them sorry they have arrested any of them.

With practical completion of the tabulation of the triennial assessment the total taxable property in Allegheny county is valued at more than $730,000,000. Three years ago the total was $544,000,000. The increase has been $186,000,000, or nearly 25 per cent. This is probably the largest percentage of increase in property values of any county in the United States. The previous triennial assessment was coincidental with the census enumeration in 1900, and the rate of increase shown in property values is somewhat greater than the increase in population indicated by the recent bulletin issued by the census bureau. It is a great county—this "state of Allegheny."

The execution of the three "car barn bandits" in Chicago ends a chapter in criminology that shows the necessity of doing something to save the boys of the slums. Earlier in the week another case was closed by the sending of Monk Eastman, leader of a New York gang of thugs, to the penitentiary for a term of 20 years. These two acts of justice only close incidents. The cure is yet to be developed. Life in the slums of great cities, where boys grow up without restraint and without moral teaching, is certain to develop a large proportion of young criminals. From their boyhood their first teaching is to "cheese it, de cop," and they grow up always on the edge of the penitentiary. Their punishment usually comes when it is too late. What is wanted is more corrective measures and less punishment to save the boys rather than allow them to reach the point where they merit death.

Congressman W. R. Hearst's attack upon Attorney General Knox is intended solely for political effect. Mr. Hearst has thrust himself into the field, without the invitation of anyone, as a candidate for the Democratic nomination for president. By a liberal expenditure for advertising he has succeeded in getting himself talked about a good deal. As a part of this advertising he has employed agents to investigate the affairs of the anthracite railroads and has prosecuted successfully one case against them before the interstate commerce commission. Now he seeks more notoriety by undertaking to compel the attorney general of the United States to advance his interests at the expense of other legal business of the country. The attorney general, however, is a man who cannot be driven. He knows his business and is attending to it as he should. The Hearst furor will not divert him from his course in the least, and he will continue to act for the best interest of the public.

If breweries and wholesalers find their business disturbed by the license suspensions ordered by the license court they have the knowledge that it was well within their power to avoid such trouble. There is no difficulty whatever in finding out who are entitled to retail liquor; the list is of public record. If they promote violations of the law by selling to speakeasies, they justly incur a penalty. The object of the Brooks law is to subject the sale of liquor to legal regulation, and it is the duty of a licensee to conform strictly to the terms upon which he gets his privilege. Director Moore has publicly declared that the speakeasy business depends upon the wholesalers for its existence. To say nothing of the moral evil attending the business it is a fraud upon the license laws, subjecting legitimate retailers to a dishonest competition. In so far as they have aided that competition, breweries and wholesalers are culpable, and if they have to suffer for their conduct the general verdict is that it serves them right.

With a deficit of nearly $15,000,000, Mr. Austen Chamberlain, Great Britain's chancellor of the exchequer, is looking around for more means of raising the sinews of government. No new ideas of taxation are offered, but he advises an increase of the income tax, and an increase in the tax on tea and tobacco. The chancellor, in his budget, speaks with regret of the great loss of revenue caused by the repeal of the corn tax, and declares that England's cycle of prosperity seems to have been exhausted. Although a deficit is not new to England, taxes have been rapidly increasing for many years. Yet it would appear that Mr. Chamberlain's proposals for another heavy increase would have to be again accepted. The heavy drafts made upon the treasury of Great Britain by the armies afield, and by the ever-increasing navy, are proving a very serious drag upon the national life, but they can not be avoided in the present condition of international affairs. Joseph Chamberlain has pointed out the only other means of raising revenue and the only means of preventing that "increasing competition" in the home markets deplored by his son.

## *Adding Insult to Injury.*

At the meeting of the Western Pennsylvania and Eastern Ohio Traffic association yesterday, last year's rates on coal from the Pittsburgh district were reaffirmed. The mine operators were given a formal hearing, but obviously the minds of the traffic managers were made up in advance. This decision after pretense of reconsideration of the question is in the nature of adding insult to injury. Any fair consideration would have led to a different conclusion. Because the Pittsburgh district has been prosperous without proper facilities or fair rates it is deemed a subject for squeezing.

There is no way apparent at the moment to evade the unjust exactions of the railroads in this association. The result is that the coal trade of the northwest is going this year to the Iowa, Illinois and Indiana fields. Pittsburgh must suffer. Every blow at Pittsburgh, however, will rebound to the injury of the railroads themselves in the end. For years this district has been their largest tonnage producer and their richest revenue yielder. As it has grown in importance it has been squeezed harder. The transportation interests failed utterly to keep pace with the Pittsburgh demand for shipping facilities during the height of the prosperity wave, and they fail to contribute any measure of the needed relief in rates to which every other interest has cheerfully contributed.

## *The War in the Orient.*

There is no official confirmation of any of the reported Japanese landings of troops in Manchuria. Russian official reports are confined to relating desultory outpost engagements along the Yalu and to giving details of the disasters at Port Arthur, including a fresh report of the destruction of a steam launch by an explosive mine it was attempting to place in the roadstead. Twenty men were killed and the admiralty at St. Petersburg has determined to order a rigid investigation of the series of self-inflicted injuries from which the Russian navy has suffered.

While there is no confirmation of reported landings, there is good reason to believe the Japanese are either effecting or preparing for such landings, and that they are determined to capture Port Arthur together with what remains of the Russian fleet. The prompt raising of the Variag at Chemulpo and the persistent attacks at Port Arthur leave no doubt of the Japanese appreciation of all that sea power means to them in the way of advantage and to Russia in the way of disadvantage. The Japanese plans, like those of Russia, contemplate a war of long duration and the islanders obviously believe that as the campaign is protracted the Siberian railway will become increasingly inadequate to meet the demands upon it and increasingly difficult to protect against attacks. The capture of two Japanese officers near the Mongolian frontier, in the vicinity of the railway, is evidence that railway attacks are contemplated when the proper time comes.

A significant declaration was made in the council of the Progressive party at Tokyo yesterday, of the Japanese belief that Europe may again intervene to deprive Japan of the fruits of victory. Germany was specifically named in that connection. There was no intimation of plans to avert or defeat such intervention, but it may be taken for granted that some have been prepared. Here again sea power is of vital importance, and the possession of Port Arthur with a strong naval force will count for many points in favor of Japan retaining all it has gone to war to gain if it can but wrest it from Russia. The British navy cannot be counted upon to aid any intervention movement.

## *Democratic Inconsistencies.*

Referring to the house amendment to the bill for the government of the Panama canal zone, which puts the entire matter into the hands of the president in practically the same language as the bill which gave President Jefferson authority to govern the Louisiana purchase, our neighbor, the Post, enters a protest. "Conditions have changed greatly in the past century," it declares. We grant that this is a "self-evident truth," but if conditions are so changed that Jeffersonian methods are not applicable to the affairs of today, why do the Democratic platforms approved by the Post hark back to Jefferson for inspiration? The Pennsylvania Democratic platform refers to no Democratic administration and to no Democratic policies since those of Thomas Jefferson. Jefferson and his policies it warmly commends as worthy of adoption at the present time.

If Jefferson and his policies are worthy of imitation, why should not the Panama bill be modeled after that for the Louisiana purchase? Our Democratic friends have not escaped from the hopeless tangle into which William J. Bryan plunged them eight years ago. They dare not reaffirm the wild theories of the Nebraskan because they know how fatal they are. They dare not point with pride to the administrations of Grover Cleveland because that would compare their utter neglect of the Sherman anti-trust bill with the Democratic campaign cry that President Roosevelt and Attorney General Knox have not acted with sufficient vigor in its enforcement. They cannot point with pride to Andrew Jackson, for he was strenuous and trampled upon worthless precedents more ruthlessly than they have accused President Roosevelt of doing. They sought safety in Jefferson, but even here they tread on dangerous ground, for Jefferson did things.

In their time fault was found with Jefferson and Jackson and Monroe. The Democrats assailed Lincoln as bitterly as they assail Roosevelt. But Lincoln was right and consistent. Roosevelt is right and consistent and the American people know it. The senate bill for the government of the canal zone was good enough, but if its government is put into the hands of the president the people will be satisfied that every right will be carefully respected.

## *The Business Situation.*

Unseasonable weather is responsible for much of the dullness and hesitation reported in business circles. The Pittsburgh bureau reports a deficiency in average temperature since January 1 of about 450 degrees, and for the month of April to date the deficiency has exceeded 125 degrees. Similar reports come from all over the country, showing that abnormal conditions are widespread. No one can accurately estimate the effects, but a little thought will give some idea of them. In the cities mercantile trade is curtailed, winter clothing, millinery and shoes taking the place of the usual spring apparel. On the farm vegetation is retarded, and spring sowing is delayed. The government bulletin for the past week reported that in nearly all districts east of the Rocky mountains conditions were unfavorable for germination and growth, and in some sections winter wheat fields were being plowed up because of crop failure. In the early corn states some progress has been made with planting, but in the late spring wheat states very little seeding has been done. In the south there has been considerable replanting of cotton. In fact, with the exception of the Pacific coast states farm work throughout the country is backward. The actual damage to agriculture is probably slight, but prevailing conditions warrant the apprehension that is felt of the damage which may occur later in the season. Nature has a way of evening up things, and observation of this fact has led to the establishment of what is known as a system of averages. According to this system the deficiency in temperature during the first four months of the year is likely to be made up during the summer, and a hot, dry summer is not conducive to a bountiful yield of cereals. The crops enter so largely into the calculations of all business men that is is not surprising under present conditions that they should now be receiving so much attention.

Improvement in the iron trade has halted and business is again largely of a hand-to-mouth character. Sentiment has undoubtedly much to do with determining the present tone of the market. For three years the manufacturers were overrun with business and practically named their own prices. When comparison is made with that period the situation is unsatisfactory. Now the large consumers are holding off for concessions, and are only placing orders to fill immediate requirements. These orders are large in the aggregate, but there is lacking that confidence in the future of prices and general business which was so marked a feature two years ago. The public apparently cannot get away from the shadow of the impending presidential campaign.

The stock market reflects the feeling in general business circles. The cause assigned for the growing dullness in speculation was the unsettled state of Northern Securities Company affairs. During the week the new litigation instituted was thrown out of court and the stockholders of the company unanimously ratified the plan proposed by the dominant interests for a dissolution of the company; but the stock market was not stimulated by these events. On the contrary, the volume of business decreased. The rate for call money in New York during the week fell as low as 1 per cent, while the rate quoted on one and two year corporation notes remained at about 5 per cent. This is an anomalous condition of the money market. It seems to indicate that money lenders are unwilling to lose control of their funds for long periods except at high rates, while they are willing to almost give away money provided it is subject to immediate call. The plethora of funds also indicates a falling off in the commercial demand. Still, this explanation of prevailing conditions—if it may be called an explanation—is not conclusive, for the reason that despite the wide extremes in rates and the unseasonably large surplus reserves, the total loans of the associated banks of New York are larger today than ever before in their history.

Bennett Burleigh's report that Port Arthur is thoroughly bottled would indicate that the Japanese knew what they were aiming at. But did the Russians?

Turtle Creek has to worry along with its old postoffice for another five years. And only $1,000 under the limit, too.

South Side residents certainly have a kick coming on the water question. It will be delivered tonight.

## The Quiet Observer

ERASMUS WILSON.

My beautiful! my beautiful! that standest meekly by,
With thy proudly arched and glossy neck and dark and fiery eye—
Fret not to roam the desert now with all thy winged speed;
I mount not on thee again—thou'rt sold, my Arab steed.
Fret not with that impatient hoof, snuff not the breezy wind,
The farther that thou fliest now, so far am I behind,
The stranger hath thy bridle-rein, thy master has his gold,
Fleet-limbed and beautiful, farewell! Thou'rt sold, my steed, thou'rt sold.
—The Arab's Farewell to His Steed.

Have you ever been strongly attached to an animal? If so you will find no difficulty in putting yourself in the place of the Arab who had been induced to part with the horse that had become more than a servant to him.

Some imagine that such attachments lower man's dignity, and show a want of self respect.

But this can hardly be the case since men who love animals, particularly horses and dogs, are almost invariably loveable themselves, as well as lovers ardent and true.

And why not?

Is not the animal man a member of the animal kingdom, and as such may he not feel kindly toward all and even form close attachment for those that are highly developed like himself?

* * * * *

It is the superior development of the horse and the dog that attracts mankind to them more strongly than to almost any other member of the animal family.

While these are not human there is something human about them, or at least something that excites human sympathy, and that which excites human sympathy will also excite affection.

Is it not perfectly natural, therefore, for mankind and the higher order of animal kind to become sympathetic, and even affectionate, one toward another?

And what is there wrong about it? They are man's servants because of his superior power to control, and for that reason only. And are not good men careful concerning their servants and do they not become attached to the more faithful and trustworthy?

The humanity of man is shown by the manner in which he treats his brute servants. There are some creatures who pass for human who have very little genuine humanity in their makeup.

* * * * *

You may have had a favorite horse sometime, and it may have grown old and the folks may have advised selling or turning it out to die, maybe. Could you, or did you, give consent to thus disposing of your old friend?

Everyone knows that an old or superannuated horse is not a profitable possession, yet for the good it has done you can hardly consent to its being led to a horse market to be sold to a truck vender, ash hauler or to a shindery man.

How would you like to meet such an old friend on the avenue geared in heavy, cumbrous harness to a rickety coal cart loaded to the limit of his strength to move, and to hear the coarse commands of the unfeeling driver and the cruel cuts of the whip when he was straining his stiffened joints and weakened muscles until he seemed ready to totter and fall?

But then you might not recognize him on account of the prominence of his bones, the roughness of his coat and his slavish and heartbroken appearance. We can hardly recognize in a weary, shambling, ill-kept brute the once sleek, sprightly, prancing steed that was our pet and pride.

Maybe it is well that we do not know them when we see them in their sadly changed conditions.

Wonder if they know us as we pass them by?

* * * * *

A hoss whose master tends him right
And worters him with care,
Will do your biddin' with delight,
And act as docile as you air.

He'll paw and prance to hear your praise,
Because he's learnt to love you well;
And, though you can't tell what he says,
He'll slicker all he wants to tell.
—James Whitcomb Riley.

* * * * *

Some people don't like dogs and some do—more do than don't.

These being more convenient for pets and less expensive than horses, almost every family can afford to keep one or more, whether they live in the city or country.

The dog is the poor man's pet, since it is inexpensive and seems perfectly satisfied to share his lot, no matter how lonely nor how hard. Hunger or cold, nor any condition ever drives the dog to desert its friend and master. When he is in health it runs and plays to please him; when sickness comes it watches faithfully and anxiously at his bedside, and when death claims him his old friend and companion follows him to the grave and asks no better fate than to make its bed on the fresh earth that covers his mortal remains and there await his return, or his departure from the scenes of life.

Horses are not thus affectionate. Indeed, there is no other animal that is capable of such keen sympathy and deep affection for man as the dog.

My dog! The difference between thee and me
Knows only our Creator—only He
Can number the degrees in being's scale
Between the instinctive lamp, ne'er known to fail,
And that less steady light of brighter ray,
The soul which animates thy master's clay;
And He alone can tell by what fond tie,
My look, thy life—my death, thy sign to die.
—Lamartine.

* * * * *

While the horse is held to be the nobler animal because of its great strength and usefulness, the dog enters into the very home-life of man, so that it becomes more truly a companion than does the horse. And if you have ever had a favorite dog to die you may know how close an attachment can be formed for one of its species.

And one may become deeply attached to a horse also. Just ask the veteran cavalryman about his favorite horse and he'll tell you things that will bring the lump into your throat. Many a time and oft, perhaps, they endured storms and braved dangers on picket posts, faced death in mad and turbulent rivers, occupied a common bed on the ground, foraged for food to stay their hunger and shared the last handful of parched corn or piece of hardtack.

And he will tell of the times his trusty steed saved him from capture or death, or bore him into the thick of the battle and maybe fell a victim to some merciless bullet or shell, or maybe both were wounded together—it to die in mercy, he to live and suffer on.

The old trooper is never willing, much less anxious, to part with the horse that has borne him through trying campaigns, and to which he feels so greatly indebted.

No doubt this was the feeling of the Arab whom Mrs. Caroline E. S. Norton has so deftly and effectively sketched in the poem that made her famous—"The Arab's Farewell to His Steed," which concludes as follows:

When last I saw him drink! Away! The fevered dream is o'er;
I could not live a day, and know that we should meet no more;
They tempted me, my beautiful! for hunger's power is strong;
They tempted me, my beautiful! but I have loved too long;
Who said that I had given thee up? Who said that thou wert sold?
'Tis false, 'tis false! my Arab steed! I fling them back their gold.
Thus, thus, I leap upon thy back, and scour the distant plains—
Away! Who overtakes us now shall claim thee for his pains.

### IT IS TO SMILE.

"You insist on treating that man who is constantly making insinuations against you with silent contempt!"

"Yes," answered Senator Sorghum. "He is a mendacious egotist for whom I have no respect. He insists on concocting original slanders when equally damaging facts are easily accessible."—Washington Star.

"Let me see," said the young girl who was reading the society news, "what is the meaning of 'mesalliance'?"

"Marriage," replied Mr. Henpeck, her father.—Philadelphia Press.

## Talked of in Gotham

GEORGE C. JENKS.

[By Private Wire to The Gazette.]

NEW YORK, April 22.—"Rush hour" passengers are proverbially ill-tempered. The fact that the newly organized squad of special officers, whose duty it is to regulate passenger traffic at the "L" stations, manage to preserve their own equanimity while keeping hysterical men and women out of danger speaks well for the officers' mental discipline. Since Monday there has been one of these officers on each of the platforms where the hurly-burly is fiercest night and morning. They are employes of the road, but they have police powers. They can arrest an unruly passenger if need be, and they wear a blue-and-brass uniform, with an imposing metal badge, which in itself exercises a salutary influence. As one of these officers remarked today, "When people see the uniform and badge they listen to you. Before we were uniformed the crowds used to walk over our corns and shove us around as if we weren't there."

Police Commissioner McAdoo detailed a certain number of regular policemen to keep order on the "L" platforms a few weeks ago, just to show what a uniformed man could do. Now the company has placed its own men on the platforms. The objection to regular policemen doing the work was that the city was paying for service the expense of which should be borne by the corporation. Many of the platforms along the line of the elevated railway are so narrow that, without someone in authority to keep the people back, it was hard to prevent them falling upon the track. This has happened from time to time. The new system has worked so well that now it is almost safe for a timid person of either sex to ride on the "L" in the rush hours.

### Pie Crust Is Labeled.

When you buy a slice of pie in a hurry-up restaurant in New York it behooves you to see that there is a bit of union label on the top crust. The pie makers of this city have a union, and they are rather touchy on the subject of non-union pastry. To mark the excellence of their own productions, they label them ostentatiously and command that only pies with union badges shall serve for either the horribly nasty noonday snack, the more decorous evening meal, or the New England breakfast, which is popularly understood to be 75 per cent pie.

### Bowler Gets Damages.

It has been decided in a Brooklyn court that bowler can claim damages if he is injured by a ball in the alley. John J. Raycroft was about to take a ball from the rack just as a 16-pound ball came rolling along. His finger was badly smashed. A jury has awarded him damages in the sum of $90, ignoring the plea of the defendant's counsel that the plaintiff had contributed to his own hurt by putting his finger where it was threatened by return balls. A bowling alley manager is responsible for the digits of his patrons.

### While Col. Astor Slept.

Multi-millionaires are not to be disturbed by such a small incident as a chimney on fire in their homes. There was such a fire in the home of Col. John Jacob Astor, at Fifth avenue and Sixty-fifth street, early this morning. As soon as the fire engines came dashing up, the inevitable crowd, which is always on the qui vive in this city at any hour of the day or night, gathered in front of the house and looked up at the windows for corresponding excitement. They did not find it. They did not see Col. Astor, in a fur lined dressing gown, rushing down the front steps with his wife's jewels in a golden casket under his arm, and there was no throwing of gilt chairs and Etruscan vases out of the drawing room windows. All that happened was the arrival of three engines, two hook and ladder trucks, a squad of police and half a dozen fire chiefs. Among them they scraped the soot out of the foul chimney, after puting out the fire with a handful of salt, and left a formidable bill of expense for the owner. That was all. Col. Astor slept through it all.

### The Latest Honeycomb Project.

If there is any man in New York outside of the rapid transit commission who can remember how many subway routes have been mentioned, he can hardly have given thought to anything else. That Greater New York will be honeycombed with subterranean railroads is believed by most people. How and where they will run is another thing. A new route today reached the dignity of being outlined on paper. It will tap nearly all the Jersey ferries and take in practically every bit of territory not already covered by earlier plans. It is about the most comprehensive of all that have been exploited since the main artery between city hall and farthest Harlem was first seen to be utterly inadequate.

### Starved in the Street.

Every once in a while—about once a month, say—somebody starves in the streets of New York. Occasionally the scene varies, as when a well-connected young woman nearly died for lack of food in a Broadway hotel two or three days ago. The body of a man—a mere bag of bones—was found early this morning in a residence street on the West Side. It was a clear case of starvation. He was huddled in a doorway, and the policeman who went to shake him up thought he was intoxicated at first. The face and hands were clean, and the thin, shabby clothing was not that of the habitual tramp. Probably a stranger who had wandered into New York. So say the police. They are used to such incidents.

### Charity Is Victimized.

According to one of the city magistrates, charitable institutions maintained for the benefit of children are victimized by shiftless parents to a degree unsuspected by most persons. In many cases one of the parents is dead. The stepmother or stepfather will bring charges against the offspring of his or her predecessor just to get them sent to some "protectory" until they are old enough to care for themselves. The usual charge is "incorrigibility," which admits of wide construction. The judges of the children's court have had about enough of it, however, and they will try to devise some means of protecting the "protectories."

### Did Damage With a Razor.

Something new in the way of excitement was afforded at a public school in Brooklyn today. An 11-year-old colored boy, driven to desperation by the taunts of his schoolmates, took a razor to school with him this morning and ran amuck, slashing at pupils and teachers alike. Someone called him "nigger." His response was, "Yes, I'm a nigger. I'm a Sou' Car'liner coon, an' ah'll jest cahve yah to bits." One of the biggest policemen on the force knocked the razor out of his hands and carried him to the police station. On the way there the truculent youngster bit off the end of the policeman's nose. He will not have access to razors for some years, for he has been committed to the Brooklyn training school for boys, to stay there until he is 21.

## The Nation's Capital

L. W. STRAYER.

[By Private Wire to The Gazette.]

WASHINGTON, April 22.—Senator Morgan of Alabama, the relentless enemy of the Panama route for the isthmian canal, feels keenly the defeat of his opposition. Mr. Morgan has fought for years to get a canal built across the isthmus of Panama, but when the canal commission decided upon the Panama route in preference to the Nicaragua route, he turned upon the project and did all in his power to defeat the plan. His many and lengthy speeches upon this subject made during the present session of congress have been outlined in this column, but through them all his colleagues have shown him the greatest deference and have made no attempt to shut off the almost interminable discussion that he pursued.

However, his opposition in the last congress was such that the leaders of the senate could not consistently continue him as the chairman of the committee on inter-oceanoic canals, a place he had held for years, and consequently he was deposed at the beginning of this congress and Senator Hanna was given the chairmanship. Since the death of Senator Hanna, Senator Kittridge of North Dakota has been acting chairman and today when the bill providing a civil government for the canal zone was laid before the senate as amended by the house, Mr. Kittridge moved that the senate disagree to the amendment and ask for a conference and that the chair appoint conferees. This was carried and Senator Frye, president pro tem, named Senators Kittridge, Hopkins and Gorman as the conferees.

### Morgan Felt Humility.

There had been some confusion in the chamber at the time and Mr. Gorman had not heard his name mentioned in connection with the conference committee. He asked information of the chair as to the names of the conferees and when informed that he was named as one of them, asked to be excused on the ground that the courtesy of an appointment as conferee was always extended to the senior minority member of the committee, which in this case was Mr. Morgan. Then Senator Morgan created something of a sensation when he arose and with great dignity said:

"I respectfully decline to serve on that conference committee. I bow with deep humility to the breach of the rule and accept the discourtesy shown to me, I trust with proper humility, and I certainly will not consent to serve on the conference committee under the circumstances."

Senator Frye said he hoped it was understood how conferees were named and that he was not responsible for naming these conferees. The names of conferees are always handed to the presiding officer by the senator in charge of the bill.

"I do not know," said Senator Morgan, "who could be held responsible, if not the chair."

Senator Frye repeated that there had been no intention of discourtesy to anyone and that he had merely read the names that had been handed to him as was usual.

Senator Gorman declined to serve as the minority conferee and in order to let ruffled tempers cool, the matter was laid aside for the time. The point is not important as, if there is no minority senator willing to serve lest he might add to the indignation of the senator from Alabama, there are plenty of Republicans who will take the place and the business of congress will not be interfered with.

### New Questions in War.

A number of questions have arisen during the Russo-Japanese war that have taxed the brains of the officials of the administration to decide. One of them is the fixing of the status of wireless telegraphy in war and was brought up with the decree of the Russian government that correspondents for newspapers must not use the wireless within the zone of Russia's operations. Another question is the right of Americans to sell ships or supplies to either belligerant. There are signs of a difference of opinion between the civil and military branches of the government respecting the Russian decree against the use of wireless telegraphy by newspaper correspondents. The subject has received a good deal of attention already from the joint army and navy boards, composed of the highest officers of each service, and Secretaries Taft and Moody have been charged by the cabinet to obtain reports upon the whole broad subject of wireless telegraphy.

The disposition of the service branches is distinctly manifested in favor of governmental control which makes toward the support of the Russian position. It is even argued that no civilian should be allowed to erect a wireless mast without legislative permission, because its use might interfere with that of some military mast. While the state department opinion is not crystalized it is known that the department is disposed to move very slowly in laying any sweeping prohibitions upon private enterprise, either newspaper or commercial, and if it can prevail it is likely that the department will lead to an international agreement upon this important matter.

### Sale of Ships to Belligerents.

There has been considerable speculation as to whether the sale of American ships to either Russia or Japan could be permitted. Many reports of such sales have come from European sources, but so far as the government is advised there have been no sales of the kind. It seems to be the general agreement that no American vessel could be permitted to be transferred from its owners directly to either of the belligerents. This is said to be true of merchant ships as well as warships, for the former might easily be transformed into cruisers or used as troop transports and the spirit of modern international law is said to be decidedly against the transfer of any floating property to belligerents which could be used for warlike purposes.

There is, therefore, a line of difference between ships and war supplies, the latter of which may properly be regarded as merchandise. But to the official mind there may be doubt of the right to prohibit the sale of an American ship of the merchant class to an individual citizen of one of the belligerent powers, or to the citizen of a third power, unless it can be very clearly established that the vessel is not to pass into the possession of one of the belligerent governments. It happens there are absolutely no warships in the United States which could be sold, all being government property, so that the question is reduced to that of merchant vessels and that phase is receiving careful attention.

The principles laid down by the Geneva arbitration in the famous Alabama case are, of course, the guiding marks for our government in treating this subject, and they have been generally accepted as international law by all maritime powers, so that the report of German vessels built under the subsidy acts and rated as possible auxiliary cruisers has consequently been the subject of some discussion between the law offices.

### Crown Prince With Measles.

Eui-Wha, crown prince and heir apparent to the Korean throne, is lying at the Korean legation here suffering from the measles. The measles are no joke under any circumstances, but to be afflicted with them with your throne trembling in the balance, your royal palace burned to the ground and your whole kingdom overrun by aliens, is an experience to awaken the sympathy of all potentates and princes. The prince has recently been staying at Salem, W. Va., in almost complete seclusion. When the news reashed him that the imperial palace at Seoul had been burned he exhibited great distress and anxiously inquired after the fate of his father, the emperor, who was reported in the dispatches to have fled mysteriously to some unknown place. Immediately afterward he came to Washington to get further information. He was then taken down with the measles.

Prince Eui-Wha's apprehension as to losing his title is based on the opinion now generally expressed that whatever the outcome of the Russo-Japanese war, it will almost certainly result in Korea being attached to either one or the other powers and losing its independence as an imperial government. In view of the fact that Prince Eui-Wha had every reason to expect that he would eventually ascend the throne in the mysterious "inner court" of Seoul to rule the land of the Morning Calm, recent events in the far east have naturally been watched with great concern by him.

Mrs. Mary W. Schmitt of Allegheny is dead at the family residence, No. 856 Western avenue. Mrs. Schmitt was born in Allegheny February 28, 1852, and had lived in Allegheny during her entire life. She was the wife of George J. Schmitt, the wholesale liquor dealer, who retired from business five years ago. For years Mrs. Schmitt had been a member of St. Peter's German Lutheran church of Allegheny. She was one of the founders of the Spring Hill Orphan asylum connected with the church, and for several years was treasurer of the board of trustees. Surviving her are her husband and these childen, Mrs. F. R. Evans and Harry W. Schmitt.

### Harmon H. Bridges.

Harmon H. Bridges, aged 62, died at his home in Seventh street, Braddock, yesterday after a long illness. He was born on the South Side and was a son of Robert Bridges, an early settler of Western Pennsylvania. He moved with his family to Green Springs, opposite Braddock, and later to Homestead, where he lived until three years ago when he moved to Braddock. Mr. Bridges was a river engineer for 38 years. He is survived by a widow, five sons and two daughters, Robert R., Charles R., Frank, Herman, Lyda and Margaret; also by two brothers, Frank of Greensburg and Thomas of Homestead.

### James Munroe Strawbrige.

James Munroe Strawbridge died yesterday afternoon at his home in East State street, Sharon, aged 76 years. He was formerly engaged in business there and for a number of years was associated with West Middlesex persons in the banking business in that town. He had lived a retired life for many years. He is survived by three sisters, Mrs. Naomi Carter and Jennie Strawbridge of Sharon and Mrs. Hiram Veach of West Middlesex.

### Miss Kate T. Ashman Buried.

The remains of Miss Kate T. Ashman, a well-known resident of Fayette county, were buried from her late home in New Haven, that county, after funeral services conducted by the Rev. Dr. Cartwright, rector of Trinity church, on Wednesday. Her death occurred at Mt. Clemens, Mich., on April 18, of rheumatism.

### Obituary Notes.

Mrs. Nancy Reese of Ellwood City, Pa., died at her home there Thursday night at the age of 76. She formerly resided at Franklin, where her reamins will be taken for burial today.

Everett King, who conducted a meat business at Gillespie, Fayette county, and had another store in Charleroi, is dead. He left a widow, father and five sisters, besides a brother

# FLINN REVIVES ASPHALT FIGHT

Files Protest Against Independent Concerns Bidding for City Contracts.

NO PLANTS IN PITTSBURGH

A revival of the asphalt fight in Pittsburgh was promised yesterday afternoon when Mayor William B. Hays and Director E. M. Bigelow completed the reading of bids on 39 contracts for street repaving. George H. Flinn, a son of ex-Senator William Flinn, and treasurer of the firm of Booth & Flinn, entered a protest against the bids of competing firms, several of whom were the lowest bidders for some of the most important contracts.

Flinn objected to the bids of James H. McQuaide, the Empire Asphalt Company, the Atlas Construction Company and the Wadsworth Stone & Paving Company. Against the Empire, the Atlas and McQuaide the protest of Flinn was based on the fact that these firms have no asphalt plant in Pittsburgh, which he claimed is necessary to comply with specifications in bidding. Against the Wadsworth company he said it had ignored the specifications by not including in its bid a proposal on the one-inch binder course which is used by contractors to cement the asphalt surface sheet of the street to the broken stone and concrete below.

### Bigelow Is Against Flinn.

Neither the mayor nor the director made any answer to the protest, although Mayor Hays appeared considerably surprised. He said all the bids would be laid over until next Tuesday, and the bids on other streets to be repaved this year would be opened at that time. Generally several days between the opening of bids and the awarding of the contracts are required to tabulate the bids.

Director Bigelow said later in the afternoon: "The protest made by Flinn does not amount to much. I believe there is an ordinance which requires a company bidding to have an asphalt plant in the city, but there is not one of these companies that cannot establish a plant here in three days."

James H. McQuaide, one of the bidders, said that if he secured any of the contracts he could get an asphalt plant in Pittsburgh in 48 hours. He was asked where he would get his asphalt, and he replied that he could get it from several places. He said the Empire company had its plant in New Orleans, which could be removed to this city on short notice. He said Booth & Flinn had local control of the asphalt product of Trinidad island, which that firm claims is superior to any other product. The other firms are known as independent and are said to get their material from Kentucky and elsewhere.

### Independent Concerns Admitted.

The specifications are said to favor no particular kind of asphalt and this opens the way to competition with the Trinidad article. McQuaide said that the Atlas company was the lowest bidder for the repaving of Fifth avenue, its bid being $1.05 a square yard, while McQuaide and Booth & Flinn had both bid $2. McQuaide was a bidder for 18 streets. The Wadsworth company, it is alleged, was the lowest bidder for Baum street, Center avenue, Hallet street and Craft avenue. Booth & Flinn was the lowest bidder for the contract to repave North Highland avenue from Penn avenue to Wellesley avenue, its bid being $1.89 a square yard.

The first fight over the asphalt contracts in Pittsburgh occurred a couple of years ago, when George W. Wilson was director of public works. The Empire company made a protest at that time because Booth & Flinn secured the contracts, the Empire company's bids being rejected because the director claimed its samples of asphalt were not up to the standard of the Trinidad article. The Empire company took the mater into the United States court and succeeded in holding up all street contracts for a year. When Director Bigelow regained his office the Empire company's bid was accepted and it did the bulk of the street work. The conditions are now reversed, and instead of the Empire and other independent concerns protesting, it is Booth & Flinn.

### Granite Streets Too Costly.

Director Bigelow yesterday practically decided to abandon his scheme to repave the downtown streets with granite when the bids on these streets were opened.

"The prices are too high to justify the city in spending the amount of money necessary to repave the street with granite," said the director.

The lowest bids on granite stone averaged about $1 more than the bids on block stone and some of the bids on granite were $2 higher than block stone. On Wood street, from Liberty avenue west, Booth & Flinn's bid on granite was $3 63, block stone, $2 49; James H. McQuaide, granite, $3 48, block stone, $2 47; Keeling & Ridge, granite, $4 75, block stone, $3 75; Atlas Construction company, granite, $4 51, and block stone, $3 75.

E. J. McIlvain, director of public works in Allegheny, was formerly president of the Empire Asphalt Company. When he became director he resigned his position in the company and his son is said to be holding his interest. Joseph G. Hastings, the Allegheny garbage contractor, is the head of the Atlas company.

## BIGELOW TO SEE FRICK.

Director Bigelow to Get Waiver for Hump Improvement Today.

Director E. M. Bigelow said yesterday afternoon that he expected to meet Henry C. Frick this morning and obtain Mr. Frick's signature to a paper waiving claims to any damages from the removal of the Fifth avenue hump. The director said yesterday morning that he expected to see Mr. Frick in the afternoon, but for some reason the conference did not take place.

The director has promised to furnish common council next Monday night with a list of the property owners who have signed waivers and those who have not. Mr. Frick is the largest individual property owner in the hump district. If he obtains this signature Director Bigelow hopes to get his ordinance through common council on second reading Monday night. He said yesterday that, with Mr. Frick, he would have waivers for 80 per cent of all the property affected by the hump.

### Display of Souvenir Trays.

A unique window display of handsome enameled ash and pin trays, portraying in realistic colors a speeding ocean greyhound in the full flight of the waters, in the windows of the J. J. McCormick steamship agency, Smithfield street near Fifth avenue, has attracted the attention of passers-by for several days past. Thousands of people have stopped to admire the peculiar color effect produced by the symmetrical arrangement of the attractive little souvenirs.

### Alleged Diamond Thief Captured.

Superintendent of Detectives Thomas A. McQuaide was notified yesterday by Superintendent of Detectives J. J. Sweeney of Freeport, Ill., that John McNeelis, who is wanted in this city for larceny of $1,500 worth of diamonds from Annie Moore of Ross street, was arrested there Tuesday. The robbery was committed last month, it is alleged, slipped into the house and stole the diamonds. He will be extradited at once.

# WILL SELL WATER PLANT TO CITY

Monongahela Company Agrees to Have Appraisers Appointed by Court at Once.

COMMITTEE TO MEET TODAY

The special committee appointed by common council to ascertain whether the Monongahela water works on the South Side can be acquired by the city, with the view of making provision for the territory in the proposed bond issue for filtration, has been called to meet at the city hall this morning at 9 o'clock. The call for the meeting was sent out yesterday afternoon by the city clerk at the request of Chairman John F. Semmelrock.

At the meeting Chairman Semmelrock will endeavor to have the committee set a time later in the day for a conference with the officials of the Monongahela Water Company. The officials have been seen and have expressed a willingness to confer with the council committee. More than this they are said to have declared they are willing to dispose of their plant to the city at a fair price, to be determined by five appraisers appointed by the court.

The officials are said to be just as ready to sell now as two years hence, when the 21 years' agreement with the city expires. They have stated that they will not resist any attempt on the part of the city to acquire their plant by a motion in court to appoint the appraisers. They refuse to name any price or to set any valuation upon the property.

The capital stock of the company is said to be held at $2,500,000, and the South Side councilmen, who are advocating the purchase of the property, claim that $2,500,000 would be a liberal price. The charter of the company provides that the city shall acquire the plant by the appointment of a board of appraisers by the county court.

The South Side councilmen will make the argument that it will be necessary for the city to appropriate money in advance before the city can inaugurate proceedings to acquire the Monongahela plant and they state the Monongahela officials will oppose any court proceedings in this direction two years hence if the money for the purpose is not on hand.

# THOUSANDS OF FAIR WOMEN HERALD PRAISES FOR PE-RU-NA.

(Neglected Colds and Spring Catarrh Make Invalids of More Women at This Season Than All Other Diseases Combined.)

At the Beginning of a Cold is the Time to Take Pe-ru-na.

**Another Interesting Letter.**

MISS MARGARET PHELPS, No. 4 W. Fourth street, Cincinnati, O., Orator Friday Chautauqua Club, writes:

"I consider Peruna the finest remedy for catarrh on the market. A few months ago I caught a cold from getting my feet wet and being exposed to the weather. This cold settled on my lungs and caused them to be sore and irritated, and every time I coughed it would hurt me and I raised a lot of phlegm. My breath was bad, my appetite poor, and my general condition run down. I began taking Peruna and in a short time I was restored to perfect health."—Miss Margaret Phelps.

"AN OUNCE OF PREVENTION IS BETTER THAN A POUND OF CURE."

**How To Protect Yourself Against Catarrh During the Uncertain Weather of April.**

"Keep the feet warm and dry.
"Also keep the chest well protected.
"Sleep in a well ventilated room.
"Be sure to go out in the fresh air every day so as to be accustomed to outdoor air."

HEALTH HINTS FOR APRIL.

The following of these rules will secure to each individual a reasonable guarantee against colds, coughs, catarrh, spring fever and so forth, in spite of slush, sleet, rain or sudden changes of temperature.

If, however, you are already the victim of a cough, loose or tight, catarrh, acute or chronic, the remedy that relieves readily, cures quickly and restores permanently is Peruna.

A few doses of Peruna at the beginning of a cold will change the entire course of events. It operates directly on all the mucous membranes, so that no matter where the cold may have settled, it is bound to be reached by this searching remedy. Peruna absolutely prevents catarrh from festening itself upon any part of the organism.

**Cure a Cold Before it Develops Into Catarrh.**

Miss Alice O'Neill, 312 Adams street, Brookiyn, N. Y., writes: "I cannot say too much in favor of Peruna. About a year ago I was completely worn out, had a serious cold and a hard cough, which seemed to be in danger of affecting my lungs. If my system had been in a stronger condition it would have been much easier to throw off this cold, but I could not seem to get any relief until I took Peruna, and I must say that it did the work thoroughly. Within a week I could see a wonderful improvement and I took Peruna four weeks and am in perfect health now."—Miss Alice O'Neill.

Miss Lydia Herziger, Grand Recorder of American Daughters of Independence, writes from Neenah, Wis., as follows:

"I have used Peruna now for four years, each spring and fall, and it keeps me perfectly well and strong. I am able to continue working and do not have to take a three months' rest, as I used to do every year. This is a great comfort to me, as I was not able to afford such a long rest. I find that it is a great preventive for colds and coughs and soon rids the system of all disease and is an admirable medicine."—Lydia Herztiger.

Mrs. Frances Wilson, 32 Nelson street, Clinton, Mass., writes:

"Had you seen me at the time of my illness and now, you would not wonder that I take delight in sounding the praises of Peruna. My mother was a severe cold which attacked the bronchial tubes and lungs. I followed your special directions and after using six bottles of Peruna, I was on my feet again. I think Peruna a wonderful medicine."

THE TESTIMONIALS GIVEN HERE ARE ONLY FOUR OF THOUSANDS OF TESTIMONIALS FROM THANKFUL WOMEN.

Mrs. C. Morrison, 1030 S. New Jersey St., Indianapolis, Ind., writes:

"Some months ago I contracted a severe cold returning from the theater. This cold settled in my head and developed into catarrh of the head and nose, and I know of nothing more obnoxious. Every morning when I arose my head was all stopped up, throat dry and parched, and I would have to spray for half an hour before I could clear the head. I noticed that Peruna was advertised as a certain cure for catarrh, so I tried what it would do for me, and found after four weeks' use that it had cleared my head and throat, leaving no trace of catarrh. I therefore wish to add my testimony to the many you have as to the efficiency of Peruna."—rs. C. Morrison.

MEN'S HATS

New department recently added. We make it a rule in every department to have the best of everything of its respective kind.

This department is to be conducted on broad and aggressive lines—as to style and prices.

Plenty of people want the finest and best.

Therefore, one of the best manufacturers in the world produced for 1904, a Man's Derby Hat finer and better than any Hat of like kind heretofore made, price $6.00.

We put in a line of them in two shapes.

They are not only finer fur—but finer and better trimmed—sweat band is finest genuine Russian Calf.

The finish and workmanship on this hat done by the most skilled and expert workmen—and the manufacturer pays them higher wages — more money than any other hat workmen receive.

And therefore, these skilled people have produced a Hat superior and without equal so far.

See this $6.00 Hat—leaving out of the question any thought of buying, if you wish.

Hat and all that's stated above will be plainly evident to anyone.

As to other lines in this Men's New Hat Department—$4.00 Derbies the equal of any $5.00 kinds—shapes and quality.

Men's Derby Hats—newest shapes, $1.50, $2.00 and $3.00—see for yourself whether we mean what we state as to broad and aggressive lines in this new Departure.

Soft Hats, $1.00 to $5.00—staple and nobby styles—the best the Hat world produces.

Men's Silk and Opera Hats.

Boys' Caps, 25c to $1.00.

Boys' Superior Soft Hats, $1.00 to $2.00.

BOGGS

# SOCIETY

ONE of the smartest of the numerous little affairs which have been given for Gen. and Mrs. Charles Lane Fitzhugh since their arrival from Canada was Mr. and Mrs. Remsen Varick Messler's bridge whist last evening at their home in Morewood avenue, Shadyside. Only six tables were in use and at each two prizes were awarded, books for the men and dainty Venetian glass vases for the women. The tables were placed in the library and sun parlor, occupying the parlor which was softly lighted with quaint lamps hanging from the ceiling and by groups of red candles in silver sticks. Larger lamps with pretty fancy shades stood on little tables here and there throughout the apartment. Pink azaleas brightened this room, and in the library, where the remaining two tables were placed, were vases of jonquils. A silver epergne of jonquils occupied the center of the table in the dining room, where supper was served after the games. An informal reception preceded the games, the two guests of honor receiving with Mr. and Mrs. Messler. Gen. and Mrs. Fitzhugh will return to their home in Coburg, Canada, on Monday.

### Entertaining the Seniors.

The sophomores of the Pennsylvania College for Women gave a cobweb party last evening in Dilworth hall in honor of the seniors. A guessing contest followed the unwinding of the threads. The colors of the two classes, brown and gold for the seniors and orange and white for the sophomores, appeared in the decorations.

The hostesses of the evening were Miss Willa McNitt, Miss Verna Madtes, Miss Gertrude Shira, Miss Anna Willson, Miss Edith Gray, Miss Anna Williams, Miss Mabel McFeagh and Miss Dora Lecrone. The seniors are Miss Edna McKee, Miss Nancy Blair, Miss Elizabeth Carpenter, Miss Rebekah Eggers, Miss Jessie Gray, Miss Helen Thomas and Miss Lola Young.

An affair to which all the resident and collegiate students are looking forward is the dance which the members of the faculty will give next Friday evening in Dilworth hall. The guests of honor will be the seniors who will graduate on Monday, June 6. Miss Willa McNitt, the sophomore president, is at present entertaining Miss Mabel Wickersham of Altoona, Pa., as her guest at the college.

### Children's Party in Bellefield.

Mrs. A. J. Kelly, Jr., of Bellefield avenue gave a children's party yesterday afternoon from 3 until 6 o'clock. The guest of honor was a little daughter of the hostess, Miss Edith Kelley, who celebrated her twelfth birthday anniversary. Among the guests were Miss Mary Moreland, Miss Sarah Kuhn, Miss Bessie Woods, Miss Lucy Kay, Miss Pauline Wilson, Miss Mary Kebbler, Miss Elizabeth Darsie, Miss Jean Darsie, Miss Margaret Stevenson, Miss Elizabeth Ogden, Miss Mabel Taggart, Miss Catherine Black, Miss Mary Watson, Miss Jocelyn Leech, Miss Edith Lisle and Miss Mary Stock. There were pretty souvenirs and boxes of bonbons for favors at the supper. The ring in the large birthday cake was found by little Miss Kuhn, the thimble by Miss Mary Kebbler and the dime by Miss Bessie Woods.

### China Wedding Celebration.

Mr. and Mrs. Frank R. McClurg of Penn avenue, East End, entertained at euchre last evening in celebration of the twentieth anniversary of their marriage. Six-hand euchre was played at 10 tables, and the prizes were pieces of china. Mr. and Mrs. McClurg have as their house guests Mrs. M. J. Worton of Cleveland, O., and Mr. and Mrs. George P. Roy of Lancaster, Pa. The festivities continued until after midnight, for today is the real anniversary of the wedding, 20 years ago.

### Luncheon for Mrs. Suter.

Mrs. Rufus Orlando Suter, who was Miss Mary Rena Beatty before her marriage a short time ago, was the guest of honor at a pretty luncheon given yesterday by her sister, Miss Bertha Denniston of Denniston avenue, East End. Covers were laid for eight, the guests including Mrs. Suter, Mrs. Logan McCloskey, Mrs. Charles McChesney, Mrs. Francis Leon Suter, Mrs. Ross Morgan, Mrs. Robert Wilson and Mrs. Malcolm Barr. The decorations consisted of roses and lilacs.

### In Honor of Miss Succop's Guests.

Miss Eleanor Greteen of New York and Miss Antoinette Affeld of Brooklyn, who have for several weeks been the guests of Miss Irene Succop of Ellsworth avenue, are going home today. Miss Succop gave a pretty farewell euchre yesterday afternoon in their honor. The decorations were very simple. The game, six-hand euchre, was played at 12 tables. Miss Ella Myers of South Negley avenue entertained at euchre last evening in honor of the two visitors. There were 80 guests present and a number of pretty prizes were awarded. The affair was very informally conducted.

### Mr. Martin Lectured in Morgantown.

A lecture on "Oratorio and Church Choir Singing" was given in Morgantown last night by James Stephen Martin, who was assisted by the Misses Katharine Ellis and Miss Elizabeth McNally, soprano; Genevieve Wheat, contralto; Edward Vaughan, tenor, and Howard J. White, bass.

### Bridge Whist for Denver Woman.

Mrs. W. Dwight Bell entertained at her home in Sewickley last evening in honor of her cousin and house guest, Mrs. Edelmire Morrison of Denver, Col. Thirty people were present and bridge whist was the form of amusement.

### Notes of Society.

Mrs. Lewis Irwin of Western avenue, Allegheny, gave a luncheon of 10 covers on Wednesday in honor of Mrs. H. M. Wharton of St. James street, a recent bride.

Mr. and Mrs. Lewis L. Duva of North St. Clair street entertained the Friday Evening Euchre club last evening. William C. Burt is president of the club and Mrs. Duva secretary.

## FIVE BUILDINGS BURNED.

### Occupants of Two Houses Narrowly Escape at Smock Station.

UNIONTOWN, PA., April 22.—(Special.)—Fire started last night in a house occupied by Edward C. Rankin at Smock station. Mr. Rankin was posting his books when the lamp exploded. His clothes caught fire and he ran upstairs and smothered the flames out with bed clothes. Mrs. Rankin escaped from the burning house in her night clothing. The house occupied by David Stewart was also destroyed and he was barely able to get his children out of bed and save them in their night clothes.

The homes of Nat F. Garwood, John Buccus and Job Frasher were also burned, as was the store of Garwood & Baccus. The stock was probably worth $10,000 and was only partly covered by insurance. Mr. Garwood is postmaster, but the postoffice supplies were saved. The store building was owned by Job Frasher and was partly insured. The dwellings occupied by Rankin and Stewart were owned by Samuel Shock and there was no insurance. The total loss is $20,000, with less than half insurance.

# AMONG THE CLUBS

### Columbian Council Elects Officers.

The Columbian Council of Jewish Women of Pittsburgh held its annual meeting yesterday. Arrangements were also made for a reception in the Twentieth Century clubhouse, Monday, May 2, the occasion being the anniversary of the organization of the society. Miss Rose Summerfield, who is the head of the Clara di Hirsh Industrial School for Girls in New York city, will make an address on "Philanthropy," and Mrs. Alice B. Montgomery will speak of the "Jewish Court."

The election of officers resulted as follows: President, Mrs. Enoch Rauh; vice president, Mrs. Edwin Zugsmith; treasurer, Mrs. Nathaniel Spear; recording secretary, Miss Minnie Affelder; corresponding secretary, Miss Yetta Baumgarten. The directors include Mrs. Albert Blumberg, Mrs. A. Leo Weil, Mrs. C. H. Waldman, Mrs. Benjamin L. Hirshfield, Mrs. N. Spiro, Mrs. M. Rothander, Mrs. Henry Oppenheimer and Mrs. M. A. Goodstone. The other members of the board elected a year ago to serve two years are Mrs. Morris Kaufmann, Mrs. A. P. Rosenstock, Mrs. Benjamin H. Hirsch, Mrs. M. Mona Lesser and Miss L. Zeugschmidt.

One of the most interesting annual reports was that of Mrs. A. Leo Weil, who reported on the settlement work in the Columbian Council school. In connection with the school work Mrs. Weil spoke of the Peacock bath. During the last 12 months 2,000 baths have been given there, and at all times the place was taxed to its capacity. The settlement work has increased in its scope. During the winter the night school became so large that rooms were rented in the Arlington school building near by in order that the rooms in the house in Center avenue might be used for the work of the clubs and societies, which have been increasing in interest and growing in enrollment. During the year there were 55 volunteers in the settlement work, young men and women who offered to aid in class and club work, and all the time they could give to the settlement work was utilized.

The Columbian council yesterday appropriated $50 to the juvenile court and another $50 to the summer playgrounds and vacation schools. For several years one of the summer playgrounds conducted under the auspices of the joint committee of women's clubs has been at the Columbian council school.

### Will Now Take Bids for Hospital.

The United Presbyterian Women's association yesterday afternoon decided to instruct the architect who drew the plans for the new Memorial hospital to take bids for its construction. The association had expected to commence work on the new building several months ago, but labor troubles necessitated a delay until much of the work contracted for previously was accomplished. Bids will also be taken now for the erection of an addition to the United Presbyterian Home for the Aged, which will largely increase the capacity of that institution. Work on the two buildings, it is expected, will be carried on at the same time. The Memorial hospital is to occupy a large portion of the grounds, which stretch from the Home for the Aged in Trenton avenue to Penn avenue. The addition to the home will consist of a wing on the right of the building, corresponding to that which was erected several years ago on the left.

The annual two fêtes at the Home for the Aged was decided upon yesterday, and will be held the last of June or early in July. The annual donation and reception day in the Orphans' home and the Memorial hospital in Allegheny will be observed on the first Tuesday in June, which will be June 2.

The monthly meeting of the United Presbyterian Women's association was held yesterday afternoon in the assembly room of the United Presbyterian Publication building in Ninth street. The question of granting oil and gas leases on the Walker farm near Carnegie was brought up and referred to the board of directors, with power to act. The matter now rests with a committee of the board, to which it was referred at the directors' meeting immediately after the meeting adjourned. This committee will report at the meeting of the directors next Friday.

Mrs. Mary F. Steele was elected a delegate from the association to the annual meeting of the Women's General Missionary society of the United Presbyterian church, which will be held in Bloomington, Ill., May 10. The president of the association, Mrs. H. C. Campbell, will also attend. The association yesterday decided to send a chart presenting in statistical form the work which it is doing through the three institutions in Pittsburgh and Allegheny.

### Meeting of Southern Women.

The Southern Women's society met yesterday in the home of the Southern society, Oakland. The hostesses were Mrs. Henry Jones Ford, Mrs. Frank White and Miss Charlotte Price. Mrs. Franklin Ramson played several piano numbers by Moskowski, Mrs. Henry Jones Ford completing this musical program with selections from Chopin. Mrs. Frank White and Mrs. Ellison Costin gave two enjoyable readings. The next meeting of the society will be held May 6 in the home of Mrs. Ford in Beechwood avenue, when the hostesses will be Mrs. D. Harding and Mrs. William L. Kester.

## NAMES SAME MEN.

### President Gillespie Reappoints High School Committee Selected by Jamison.

President D. L. Gillespie of the central board of education has appointed the committee on the sale of the Friendship avenue high school site, the members being the same as those named some time ago by S. C. Jamison, acting president of the board at the time. They are Henry McEwen, J. J. McGrew, William McGarey, Jacob Minsinger and H. L. Reinecke.

Their appointment was made in pursuance of a resolution adopted at a meeting on March 8, at which Mr. Jamison acted as chairman in the absence of President Gillespie. The latter held that the resolution did not empower the temporary chairman to appoint the committee.

## PENSION FOR COLONEL.

### Commander of Famous Ringgold Cavalry to Get $18 Per Month.

An order from the pension bureau was received by H. C. Slusher, United States pension agent at Washington, Pa., yesterday, notifying him that an original pension of $18 a month, to date back to November 2, 1903, had been granted to Col. K. J. Greenfield of McKees Rocks.

Col. Greenfield is well-known among Grand Army men as one of the bravest officers in the civil war. Enlisting with Troop B of the Twenty-second, or Ringgold cavalry, Pennsylvania volunteers, at the outbreak of hostilities, he finally rose to command of the troop in less than a year, and at the end of the war was mustered out as colonel of the regiment.

## MURDERER SHOT.

### Frank Rose Expiates Heinous Crime in Utah State Penitentiary.

SALT LAKE, UTAH., April 22.—Frank Rose, the wife murderer, was shot to death in the yard of the state penitentiary here today at 10:09 o'clock a. m. Death was instantaneous, four bullets lodging close to his heart.

Rose was strapped to the same little wooden chair in which Peter Hortense met his fate a few months ago. Five prison guards, concealed behind a heavy blue curtain in the doorway of a blacksmith shop across the area, formed the executing squad. One of the rifles held a blank cartridge.

Rose, who claimed his wife was consorting with other men, shot her on Christmas day, while she was lying in bed. He sat and talked with her until she died of her wound, then went away, leaving his boy in bed with his dead mother and soaked in her blood. Rose said he returned four times in the next two days to feed the child, climbing through a window and over the dead body of his wife in order to get into the house.

### King Will Meet Ambassador.

LONDON, April 22.—It is understood that Sir Charles Hardinge, the new British ambassador to Russia, who leaves London for St. Petersburg at an early date, will be the bearer of an autograph letter from King Edward to Emperor Nicholas. Sir Charles has been summoned to an interview with King Edward.

## TWO CHURCHES TO BE DEDICATED

### Inaugural Service in New Friendship Avenue Chapel to Take Place Tomorrow.

LETTER-CARRIERS' SERVICE

The West Homestead Methodist Episcopal church will be dedicated tomorrow with appropriate exercises. The Rev. McIlyar Lichlichter will conduct the morning service and the Rev. A. C. Doyle will officiate during the afternoon.

St. Clare's Roman Catholic church, Clairton, will be dedicated with impressive services tomorrow. The Rt. Rev. Coadjutor Bishop J. F. Regis Canevin will officiate, assisted by a number of other clergymen. The service will be attended by a large delegation of the A. O. H. of McKeesport, Braddock, Homestead and neighboring towns. The Rev. Father Maurice McCarthy, pastor, will conduct vesper services in the evening. The church was erected at a cost of $25,000 and contains a handsome main altar, the gift of Mrs. John Reilly of Pittsburgh.

The congregation of the Friendship Avenue Presbyterian church will worship for the first time in the new chapel, Friendship avenue and Roup street, tomorrow. The Rev. Mr. Gaston will officiate at the opening service. The Christian Endeavor society of the church will be organized tomorrow evening.

The Rev. Daniel N. Harnish of Butler will occupy the pulpit of his brother-in-law, the Rev. John H. Prugh, D. D., in Grace Reformed church, Dithridge street, tomorrow, in the absence of Dr. Prugh, who will officiate at the dedication of St. Paul's Reformed church, Lancaster, Pa.

The Rev. R. Gwernydd Newton will preach the annual sermon to Schenley Park lodge, I. O. O. F., in the First Congregational church tomorrow evening. The Rev. Z. M. Gilmbaugh, D. D., will preach the annual address to lodge No. 888, I. O. O. F., in the Midway Methodist Episcopal church tomorrow afternoon.

Letter carriers and postoffice employes of Pittsburgh and neighboring towns will attend services in the Second Presbyterian church tomorrow evening and will be addressed by the pastor, the Rev. S. Edward Young on "What Message Do You Carry?"

### Retiring Ambasador Dined.

ST. PETERSBURG, April 22.—United States Ambassador McCormick gave a farewell dinner tonight at the embassy to Sir Charles Scott, the retiring British ambassador and the members of the staff of the British embassy. Sir Charles leaves St. Petersburg Sunday.

CHAMPION ARRIVES.

H. N. Pillsbury, America's Best Chessplayer, Is at Cambridge Springs.

CAMBRIDGE SPRINGS, PA., April 22.—(Special.)—The American chess champion, H. N. Pillsbury, arrived in this city today from San Francisco. Jacques Mieses, who arrived in New York today on the steamship Graf Waldersee, and J. W. Showalter are the two now needed to complete the team of 16 that is to start in the international tourney on Monday.

The meeting to adopt a code of rules and regulations to govern the contest will be held Sunday morning. A number of the chess champions will go to Erie on Wednesday evening to see Mrs. Leslie Carter in "DuBarry."

The duel in the dark was a favorite with duelists. Two men were locked in a dark room and crawled stealthily from corner to corner, until some false step made one of them the target for bullet or blade.

Life is a duel in the dark with disease. One false step, one mistake, and the attack comes swift and sudden. The mistake which commonly opens the way for an attack by disease is neglect of the symptoms of stomach trouble. When eating is followed by undue fullness, belchings, sour or bitter risings, etc., disease is attacking the stomach.

The best way to frustrate such an attack is to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and makes the body strong and healthy.

"I was suffering very much with my head and stomach," writes Mrs. W. C. Gill, of Weldon, Shelby Co., Ala., "head was so dizzy when I would raise up in bed would fall right back. Could eat but very little, in fact scarcely anything, there seemed to be a heavy weight in my stomach so I could not rest; I had to belch very often and would vomit up nearly everything I ate. I was in a bad condition. I took four bottles of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am now well and hearty. I feel like a new woman and give Dr. Pierce's medicines credit for it all. I had taken medicine from physicians without any benefit as I could see."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

# HOME COMPANIES RAIDED BY POLICE

## Officers of Three Concerns Arrested in Effort to Drive Them Out of Business.

## CHARGED WITH CONSPIRACY

Repeated complaints to the detective bureau by persons who believed they have been victimized, coupled with the reported collapse of a similar concern at New Castle, Thursday, resulted in the arrest here yesterday of E. J. Beckdel, the president of the Fidelity Home & Realty Company; W. I. Crawford, president of the Inter-State Financial Company, and Albert Dodge, secretary of the Home Assurance Company of Buffalo.

These defendants, with W. W. Hopkins and E. R. McCloskey, neither of whom have been arrested, are charged with conspiracy to defraud. The information is made by Superintendent of Detectives Thomas A. McQuaide on information supplied by Mrs. Mary E. Gudenburr of Benton avenue and Lapsley Hill road, Allegheny, who claims to have been defrauded of $170.

Hundreds are contract holders and the operations of the companies extend over the western end of the state.

The three firms occupy the ground floor of 312 Fourth avenue, and during the past five months have passed through various merging processes until at present the fiscal affairs of the Home and Fidelity companies are in the hands of the Inter-State Company, which is said to have been formed as a sort of holding company.

### Trouble Started a Year Ago.

The growth of the three concerns is closely interwoven and the trouble is directly traceable to the fall of the old Keystone Home Investment Company, which was raided by the police a year ago.

At that time C. A. Benedict, Walter W. Hopkins, Belle Ridley, W. F. Kuhl and E. J. Webb were arrested and later indicted by the grand jury on the same charges as preferred yesterday.

Their trial was postponed several times and finally it was announced that the indictments had been lost in the district attorney's office. The Keystone company never resumed business. The Home company, said to be capitalized at $50,000 under the laws of New York state, took over all the contracts of the old company.

The Fidelity was organized some time later, and took up the same business in conjunction with the Home company, many of the contract holders in the latter company being notified to transfer their contracts to the new company.

A few months ago the Inter-State company came into existence and many contracts were then transferred from both the Home and Fidelity companies to the Inter-State as a holding company. The offices of the three companies were consolidated in the office of the Fidelity company.

### Plan of the Company.

The plan of the companies was to sell contracts for $5 on each $1,000, the first payment going for expenses. After that, by paying the same amount per month on each contract the holder is told that he will secure a home for which he can pay at a rate lower than either interest or rent as soon as his contract matures. The date of maturity is determined entirely by the officers of the company, and Detective Kelly stated yesterday that under this system not more than one person in 500 ever secured a home. It is alleged that for several months past no contracts have matured, owing to the frequent reorganizations and mergers.

The detective bureau has been keeping a close watch on the operations of the companies and as complaints began to come in prepared for a raid. Their plans had just matured when word came from New Castle that the officers of the Home company, which had been doing business there, had suddenly disappeared while suits were pending against them. The officers are said to have been C. A. Benedict and R. W. Beecher.

Superintendent McQuaide at once went before Magistrate Thomas D. Stewart and swore out warrants against the five men mentioned above. Shortly after 9 o'clock yesterday morning Detective Richard Kelly, who prosecuted the case against the Keystone company, with Detectives Riley, McGough, McDonald and Lally, went to the offices of the company and placed Dodge, Crawford and Beckdel under arrest. They were lodged in Central station.

### Waived Hearing and Gave Bail.

Beckdel, through his attorney, F. F. Sneathen, notified the magistrate that he would waive preliminary examination and at once gave $2,000 bail for court, the attorney going on his bond.

Attorney Harry Diamond was retained by Crawford and Dodge and yesterday afternoon secured their release in $2,000 bail each for examination next Wednesday morning at 10 o'clock. H. Moses of 1623 Center avenue went on the bonds of both men.

Inquiry at the offices of the Home company revealed the fact that McCloskey was, until three weeks ago, general bookkeeper for all three companies. He left refusing to tell where he was going.

The books are now in the hands of an auditor and until his work is completed no general statement will be issued by any of the companies.

There was further trouble for the Home company yesterday when Shaw & Gwyer, printers, entered suit before Alderman J. W. McMasters to recover a bill of $7. The property of the company consisting of a safe, three desks, letter press and sundries was at once levied on by Constable W. J. McMorris, and a notice to this effect posted on the door of the office.

The officers of the Keystone company, including Hopkins, are said to be in Buffalo, and Superintendent McQuaide declares that he will at once institute extradition proceedings to have them brought back here for trial immediately after license court closes.

A special telegram from New Castle states that yesterday Mrs. Minnie Glover began suit against the officers of the Home Company, of Buffalo. She sues to recover $30 paid into the Home Company on stock which was promised to produce her a home fully paid for upon the maturity of the stock. She also paid a $5 initiation fee on which she waived the right to collect.

# LAKE ERIE CANAL BILL VOTED UPON FAVORABLY

## Will Be Reported to House—Appropriation for Military Camps Is Advanced.

[By Private Wire to The Gazette.]

WASHINGTON, April 22.—The house committee on railways and canals today voted to report favorably the bill introduced by Representative Dalzell for the chartering of the Lake Erie & Ohio ship canal. This action was unanimous on the part of the Republican members of the committee, but there will be an adverse minority report, based on the opposition of the Democrats to granting any national charters.

The bill has been amended in many important particulars and in such a way as to meet the principal objections of the railroads in the territory it will traverse. Its provisions for the right of eminent domain have been modified and made to conform to the laws of the states of Pennsylvania and Ohio. Any matters that cannot be adjudicated in the state courts are to be settled in the United States district court. It is also amended so that it cannot interfere with any canal or privilable stream. There will be not attempt to get the bill through congress at this session, the time being too limited and the bill being likely to provoke extended debate.

The senate committee on commerce today added to the military academy appropriation bill, the bill to appropriate $2,000,000 for the purchase of four permanent military camps and the measure was reported to the senate. One of the sites is the Conewago valley location at Mt. Gretna, Pa., for which it is proposed to pay $800,000.

# ELECTRICAL DISPLAY TO BE INSTRUCTIVE

## Illumination of St. Louis Exposition Will Teach People Much Worth Knowing.

"The chief aim of the electrical features at the St. Louis exposition will be to educate people. There will be no attempt at advertising or entertaining," said Percival Fansler, chief of the bureau of electricity for the world's fair, in a lecture given under the auspices of the Carnegie Technical school at Carnegie Music hall last evening.

Mr. Fansler took the place of Prof. W. Elwell Goldsborough, director of electrical engineering at Purdue university and director of the department of electricity for the exposition. Prof. Goldsborough was unable to be in Pittsburgh on account of business that came up unexpectedly.

The speaker told of the illumination of all the new world's fair buildings, but dwelt particularly on the electrical building and the exhibits in it. The lecture was well illustrated by stereopticon. Among the pictures were several showing development of illumination by electricity at Boston, New Orleans, Chicago and Buffalo.

Mr. Fansler said: "The display at St. Louis will surpass anything of its kind ever seen. There is a coincidence that this year is the twenty-fifth anniversary of the invention of the incandescent lamp by Mr. Edison. There is to be a searchlight requiring 300 amperes, which will be an extraordinary feature.

About 600 people were present. Arthur A. Hamerschlag, director of the school, introduced Mr. Fansler.

# PASSES SECOND READING.

## Trades Union Bill Receives Favorable Consideration in British Commons.

LONDON, April 22.—The house of commons today passed the second reading, by 238 to 199 votes, of the trades union bill, legalizing peaceful picketing and amending the law of conspiracy in connection with trade disputes and protecting trades union funds against legal process for damage caused by the action of members of such unions. The bill is the outcome of the recent judgment of the court in the Taffvale railway case when the Railwaymen's union was mulcted in heavy damages for picketing and interfering with non-unionists.

Premier Balfour said it would not be a matter for a party question. He feared that the bill as at present framed might seriously interfere with other classes of the community. Winston Churchill spoke in support of the measure.

# SIX SHIPS SEIZED.

## British Fisherman Were Found Confiscating Turtles in Nicaraguan Waters.

NEW ORLEANS, April 22.—Passengers arriving here from Bluefields, Nicaragua, today brought some detail of the seizure of six British schooners in that harbor as a result of which Great Britain is to lodge complaint with Nicaragua.

The captains of the schooners contended that they were fishing in neutral waters. The Nicaraguan commandant said they were confiscating turtles bred in Nicaraguan waters. The result of the dispute was the seizure of the schooners and the incarceration of their crews in the jail at Bluefields.

### Indiana Miners Will Strike.

TERRE HAUTE, IND., April 22.—The block coal miners' district No. 8 have voted to reject the proposition of the operators for a two-years' contract under last year's conditions with a five per cent reduction in wages. The committee finished counting the vote today and notified the operators that work will be suspended at once. The majority in favor of a strike is about 600. About 8,000 men will be affected.

# COURT ORDERS THE STOCK RETURNED

## Judgment Affirmed by New York Tribunal in Carbon Steel Company Case.

## HISTORY OF THE TRANSACTION

The Pittsburgh Gazette Bureau, Herald Building, Herald Square, NEW YORK, April 22.

The appellate division of the supreme court today handed down a decision affirming an interlocutory judgment rendered by Justice Leventrit at special term in the case of John D. Slayback against Charles M. Raymond and others and the Carbon Steel Company. Slayback sued to recover a large amount of stock of the Carbon Steel Company of New Jersey which he claimed to have transferred to Raymond with the understanding that the latter would in turn transfer the said securities to James Hemphill. This was to be done in order to interest Hemphill in the company and through him to induce the Carrie Furnace Company to furnish to it money and credit necessary to enable the Carbon Steel Company to complete certain contracts.

Raymond, it was claimed, never did this, but appropriated the securities to his own use, some being transferred to his wife, and others ultimately coming into the possession of the Carbon Steel Company of West Virginia in exchange for shares of that corporation.

Justice Leventrit gave judgment in favor of the plaintiff, directing Raymond to account for the 4,000 shares of second preferred and 5,000 shares of the common stock of the New Jersey company, together with all dividends and profits accruing since 1893. It was in that year that the transaction took place, but Slayback claimed that he did not know he had been defrauded until 1898.

### Says He Gave Up Stock.

Slayback was the financial backer of the New Jersey corporation, and Raymond was its executive officer. The company being threatened with embarrassments, owing to the financial stringency of 1898, Slayback requested Raymond to go to Pittsburgh and see Hemphill, offering to give up over half of the stock held by himself and his wife. Raymond returned, and, according to Slayback, he gave up all the stock held by himself and his wife. They both being creditors of the company to a large amount on notes, did give up their stock in order to insure the stability of the company. Hemphill never got it, however. The West Virginia corporation was organized in 1894.

Justice Hatch wrote the opinion of the appellate division. He says that the careful consideration given to the case by the trial judge, and the elaborate review made by him in his opinion, makes it unnecessary to go over the facts in the case again. Indeed the court would hardly deem it necessary to give expression to its views in an opinion at all, except for the earnest insistence of counsel for the appellants that the court below erred in not ruling that the plaintiff had an adequate remedy in an action at law for the recovery of damages, which ruling would have entitled the defendants to a jury trial.

### Equity Proceeding Proper.

Justice Hatch considers this contention at length, but concludes that Justice Leventrit was right in ruling that proceeding in equity was proper. Raymond having acquired possession of the stock under circumstances disclosed, Justice Hatch says that "equity will lay hold on the transactions, and require him (Raymond) to account for the manner in which he has performed the trust devolved upon him, and upon him rests the burden of showing that he has discharged the trust reposed in him with fidelity."

If a complete recision of the transaction should prove impossible, because some of the stock cannot be traced, then, too, the court may award a money judgment, without a jury trial, for otherwise there would be a failure of justice.

Presiding Justice Van Brunt and Justices Patterson and McLaughlin concur with Justice Hatch. Justices Ingraham concurs in the result but writes a separate opinion.

ALEXANDER DODDS.

# REPUBLICAN MEMBERS GO TO PHILADELPHIA

## Councilmen and Representatives of Chamber of Commerce to Inspect Plants.

A party of about 15 Republican members of common council, representatives of the chamber of commerce and others interested in filtration, left Pittsburgh at 10 o'clock last night over the Pennsylvania, for Philadelphia, to inspect the filtration plants in that city, and more particularly to investigate the preliminary filter system in operation at the Belmont station. The following members of common council were in the party: William Brand, of the Seventeenth ward; J. A. Perley and John M. Morin, of the Fourteenth; James Reed, of the Thirty-second; Dr. A. Martin Barr, of the Eighteenth; William A. Martin, of the Sixteenth; Joel Gibbon, of the Twenty-third.

The representatives from the chamber of commerce were Col. A. J. Logan, W. H. Stevenson, Hugh Ferguson, Samuel Diescher and J. E. Ash. The delegation boarded the train at the Union station except Col. Logan who was expected to get on at East Liberty. The Oakland and East End board of trade were not represented. John I. Shaw, former president of the Americus club, also went along.

The party on arriving in Philadelphia, this morning, will be the guests of Philadelphia officials, and immediately after breakfast they will make a tour of the various filtration plants including Belmont station, where a Maignen preliminary filter is in operation, and Torresdale, where a plant of 250,000,000 gallons daily capacity is being built. The party will be back Monday morning.

Samuel Diescher, a prominent consulting engineer, went with the delegation in his professional capacity. He is expected to make a report to the chamber of commerce and this report is expected to largely determine what attitude the chamber will take towards the preliminary filter system.

# NAMED HARKAWAY HUNT.

## The Pittsburgh Hunt Club Seeks a Washington County Charter.

For legal convenience a charter is being secured for the Pittsburgh Hunt club in Washington county. The club's name is also being changed to "Harkaway Hunt." The old charter, under the old name, was an Allegheny county charter and since the club is located at McDonald, Washington county, it was considered best to secure the incorporation of the organization in that county.

The Harkaway Hunt, as it will be called hereafter, is a well known organization composed of about 100 Pittsburgh business and professional men. The club has hunting rights on about 20,000 acres lying around McDonald. Riding and driving is practiced throughout the open season. Hunts for live foxes are conducted during the fall. The governors are F. M. Lowry, Edward M. McDonald, J. R. Phillips, Addison M. Irwin and H. N. VanVoris.

The Pittsburgh Country club out the boulevard will have a drag hunt today.

### Burning Stable Made Big Blaze.

Fire destroyed the two-story frame stable belonging to J. T. J. Young, and made a big blaze in Knoxville last night. The stable was burned to the ground and the loss is about $500. The building was located in the rear of Mr. Young's residence, 126 Lacelle street, Knoxville.

# MITCHELL ORDERS STRIKERS TO ARM THEMSELVES

## Does This Because Non-Unionists Are Prepared for Trouble at Garrett.

[Special Telegram to The Gazette.]

SOMERSET, PA., April 22.—Sheriff Coleman is still in Garrett, although most of the deputies have left. The people of the town, however, do not feel that the disorder is all over yet. All the men at work in the mines are armed, as are also the strikers. A clash between the two would be sure to provoke a bloody fight. Howard Williams, president of the Garrett local union, made the following statement: "Acting under instructions from President John Mitchell and after consulting the 256 members of the local union of the United Mine Workers, I have ordered the men to arm themselves. I advise this so long as the foreign element brought into the region to take the places of the striking workmen goes armed. If these men fire on any of the union men or citizens, we are instructed to return the fire and will do so."

Sentiment seems to be spreading among the operators that the wisest thing for them to do would be to close down the mines entirely. They say they have been fighting for a principle but it does not pay at the present rate of mining and present price of coal. If they close the mines, they believe the strikers will go elsewhere for employment and thus leave them free to get new men without interference, when they desire to resume. The Garrett Coal Company has already spent over $5,000 at its four mines on account of the strike. But even this, it is said, is surpassed by the outlay of the Merchants Coal Company at Boswell, whose extraordinary expenses on account of the strike have been $7,000 a month. The strike has been costly to the miners also. About $5,000 has been sent to the local union already for distribution to the miners.

## ROBBERS AT WAMPUM.

### Thieves Secure Team and Haul Away Flour From Mills.

NEW CASTLE, PA., April 22.—Further robberies were committed early this morning at Wampum. A horse and wagon belonging to C. R. Repman were stolen and the robbers secued tools at the blacksmith shop of William Yoho and then forced the doors at the Pennsylvania railroad station and the Wampum Company's flour mills.

Goods valued at $180 were hauled away from the station and several barrels of flour were taken from the flouring mill. This morning Repman's horse came wandering back, having been turned loose by the robbers.

## SEAMLESS PAYS $12,000 FOR AN ACRE AT MONESSEN

MONESSEN, PA., April 22.—(Special.)—A deed was executed this evening from David Owens to the American Seamless Tube Company for one acre of ground in the western end of the city for $12,000 paid by the superintendent, George Nash, of the Pittsburgh Steel Company's plant of this city, the largest price ever paid for suburban property in Monessen. The American Seamless Tube Company's new plant here will be located on a 12-acre plot recently bought by the Pittsburgh capitalists back of the project.

### 'Phone Company Wins in Court.

GREENSBURG, PA., April 22.—(Special.)—Without presenting the testimony of a single witness, the Pittsburgh-Johnstown Long Distance Telephone Company this morning succeeded in having dissolved the preliminary injunction brought by the borough council to restrain it from erecting its line in Greensburg. The company will immediately resume work.

# "HELLO" IMPERTINENCE STOPPED BY THE MAYOR

## Failure of Worthless Boxes to Ring No Excuse for "The Lie."

[By Private Wire to The Gazette.]

PHILADELPHIA, April 22.—Because one of the female operators refused to take his word that he dropped in a nickel at one of the Keystone Telephone Company's pay stations in city hall, Mayor Weaver became angry. At once he issued orders to Chief Sager of the electrical bureau to cut out the wires connecting all the pay stations inside the city hall with points outside.

The mayor ordinarily does not have to use a pay station, but yesterday afternoon he saw fit to go to the end of the second floor corridor in city hall and pay five cents. There was a dispute between the mayor and the telephone girl as to whether a nickel was dropped or not. The mayor said he did and she said he didn't. Then the mayor ordered the connections cut. Every booth had an "Out of order" sign on it today.

There was a great deal of consulting on the part of the Keystone company's officials, and John M. Mack sent his secretary to see the mayor and explain the matter. The matter has not yet been settled and the wires are still unattached.

# CAPITAL OF $1,000,000.

## Pittsburghers Interested in New Portland Cement Company at New Castle.

NEW CASTLE, PA., April 22.—(Special.)—A company with a capitalization of $1,000,000 is being organized here to erect a huge cement plant in Hickory township. The New Castle Portland Cement Company, as it is called, is backed by George Greer, district manager of the American Tin Plate Company; Edwin F. Norris of the Marquis Clay and Limestone Company; Elmer I. Phillips, secretary of the American Window Glass Company of Pittsburgh, and others.

The plant will be erected on the Rhodes farm and will at first employ about 200 men. The plant itself will cost about $800,000. The Buffalo, Rochester and Pittsburgh railroad will build a siding to the new plant. The entire $1,000,000 capital will be paid in.

# GOVERNOR PENNYPACKER OBSERVES ARBOR DAY

## Plants Red Oak in Front of the Executive Department. Others Set Trees.

[By Private Wire to The Gazette.]

HARRISBURG, April 22.—Gov. Pennypacker celebrated Spring Arbor day today by planting a red oak at the foot of the terrace in front of the executive department. He was plentifully supplied with advice by a little knot of state officials, who, with a crowd of interested spectators, witnessed the planting. The governor didn't take off his coat, but handled the shovel with all the dexterity of an expert.

There was no ceremony attending the planting of the 13 trees, which were set out under the direction of James M. Shumaker, superintendent of public grounds and buildings. One of the park policemen held the governor's tree erect, while he shoveled in the dirt, and at the suggestion of Economic Zoologist Surface, took the sod that had been removed in digging the hole for the tree and threw it upon the roots. At the conclusion of the ceremony one of the governor's associates suggested that he ought to make a few remarks, but the governor said no.

This tree planting was the first done since Gov. Hastings planted a tree in the early part of his administration. Two trees were also planted today in the state arsenal grounds and named for Adjutant General Stewart and Superintendent Richardson.

# DECISIONS REACHED.

## Conciliation Board Meets, Takes Testimony of Grievances but Defers Action.

WILKESBARRE, April 22.—(Special.)—The members of the conciliation board met here today. Some decisions were reached while other grievances were laid over, after taking testimony. The miners employed by the Northern Anthracite Coal Company claimed that they do not receive the benefit of the sliding scale agreement. The company contends that they do not ship to tidewater and were not bound by this part of the award. This matter was referred to the umpire.

Two cases of alleged discrimination were presented by the employes of the Pennsylvania company at Dunmore. Testimony was taken and action was postponed until next meeting. The decision reached in Philadelphia on grievance No. 30 concerning the net and gross question was made applicable to grievance No. 19 of the contract miners of the Lehigh Coal and Navigation Company.

### Stockholders Elect Officers.

SCOTTDALE, PA., April 22.—(Special.)—At a meeting of the stockholders of the Robinson Iron and Steel Company last night the following board of directors was elected: David S. Loucks, B. F. Overholt, L. H. Leitzell, W. W. Francis, W. L. Kelly, M. B. Porter, Richard Robinson, G. C. Brownell and E. M. Whipple. The three last named are from Pittsburgh. The directors will meet at an early date and elect officers.

### Conscience Money Received.

County Controller Robert J. Cunningham found a $50 gold certificate pinned to a slip of paper with the inscription, "This money belongs to Allegheny county," when he opened his mail yesterday morning. This is the largest sum of "conscience money" ever received at the controller's office. The envelope bore a Pittsburgh postmark but there was nothing to indicate who sent it.

Joe Kelley and his band of players got good and even with the Pirates for that opening day throwdown by taking the Champions into camp yesterday to the tune of 10 to 4. It was rather a bitter dose for the 4,050 rooters present, but it was honest, and all there was to do was to grin and bear it. To be sure, a few groans accompanied the load of misery piled up by the locals, still they were outplayed at all points.

The Reds also paid back a little debt they owed to one Jack Pfeister, a fellow-townsman, who had humiliated them last week in their own ballwick, when he gave them a throwdown and let them out with six little hits. Manager Clarke figured that Pfeister, after his good showing in Cincinnati, could be depended on to do the trick again, and for that reason selected him to face his "townies" once more. On this particular occasion it was a case of misplaced confidence, and the Pirates' leader regretted his action more than once during the afternoon.

Pfeister got along in fine shape for four innings, and in that time the visitors had secured but one run, while base hits were as scarce as war news from the far east. In the fifth inning, however, there came a change, and in the next three innings the hits and runs were as numerous as flies about a sugar barrel in the good old summer time. The bombardment of the southpaw continued until the tribe of Kelley had piled up 10 runs on as pretty hits as were ever sent scudding over a ball field, then the left-hander run up the flag of distress and Camnitz, another new twirler, was sent to the rescue, and it must be said he fared very well.

It is a very ticklish position, particularly for a young pitcher, to be sent in to try and stop a bombardment, and it is very seldom successful. The young Schenectadyite, however, put a stop to the volley of hits and runs, and his efforts were rewarded with cheers by the dejected fans. Camnitz was only on duty for two innings, and in that time but two hits were made off his delivery and not a run. The young pitcher had plenty of speed and a fast, breaking curve which fooled the opposition batters.

Jack Harper, a citizen and taxpayer of Oil City, was the Cincinnati pitcher, and he put up a great game and was given excellent support by all stages. Harper had a drop ball working when the Pirate batter could get his gauge, and in only one inning were any liberties taken with the delivery, and that was the second, when a pair of two-baggers followed each other, but they only netted a single run. The Pirates' infield was again a bit shaky, Wagner missing plays which will be easy for him when he is at himself, he at present being out of condition. The same may be said of Beaumont, any nagging at the umpire, whose work was clean cut all the way.

A base on balls and a two-bagger by Donlin in the third inning netted the visitors the Reds' first run. Two more were added in the fifth as a result of a fumble by Wagner, a three-bagger to right by Harper and a double by Seymour. In the seventh three more runs were scored as a result of three hits and a balk, a single by Corcoran and two-base hits by Peitz and Harper.

The Pirates' runs came one at a time, the first being scored in the second inning by Wagner, who doubled to left and scored on Bransfield's double to the same field. In the sixth, with two out, Wagner singled to left and scored Bransfield, who had doubled to right. In the seventh Ritchey opened up with a two-base hit and scored on two outs. The final run was scored by Leach in the eighth, when he doubled to right, took third on a fly out and scored on Bransfield's long fly out to left.

The Pirates never let up for a moment, and extra batters were sent in to try for a batting rally, but it was no use, as Harper was in too good form, and kept the hits well scattered. The score:

### TURNED THE TABLES.

Quaker Pitchers Were Pounded Hard by the Giants.

NEW YORK, April 22.—The New Yorks turned the tables on the Philadelphia club today and won the second game of the opening series, 18 to 3. Philadelphia could do nothing with Taylor and Milligan, while the home club hit both opposing pitchers at will. The batting of Devlin was a feature, he hitting the ball for a home run with the bases full in the fourth inning. The score:

## BREEN'S GROVE CITY TEAM.

The Popular Manager Says Collegians Have Good Year—Announces Warren Line Up.

Jimmy Breen, the well-known independent baseball manager and player and this spring Coach of the Grove City college baseball team, was in Pittsburgh last night. Breen will have his Warren (O.) players report at Grove City May 1 and practice will be held daily with the collegeans until May 10, when he goes to Warren to open the season.

"Grove City will have a good team this year," said Breen. "There is lots of material the only drawback being the fact that the material is young. Athletics at Grove City this season are at a highwater mark. The athletic association has three times as many members as in any year previous."

Breen announced the lineup of his Warren team, which follows: Upper, who caught for the Grand Rapids Center league team last year, and Seatts, of the Piqua (O.) team, catchers; Whisner, who was with him last year, Sibbicks, of the Lockport (N. Y.) team and Berthaas, of the Sidney club, pitchers; Harry Eichler, last year with Grand Rapids, second; Breen, short; Charles Brown, a Buffalo amateur, third; Henry Upper, of the Kane (Pa.) team, middle, and Albert Cook, a youngster from Cleveland, right.

### ALL COLLEGES INVITED.

Big Athletic Meet in Chicago Will Be Open to All.

CHICAGO, April 22.—In order to promote amateur athletics, the intercollegiate conference committee in charge of the track meet at Marshall Field, June 4, between athletes representing the "Big Nine," decided today to make the meet an open one. Several members of the committee strongly opposed the admission of outsiders, and it was only after three hours' heated discussion that the conservative element, which was in the majority, prevailed. Invitations will be sent to all universities and colleges throughout the United States to send representatives to the meet. As several universities had been seeking admission to the meet, today's action will insure, it is said, the participation of at least 150 athletes from the colleges outside of the "Big Nine."

Entries for the meet will be received up to May 16 by Evans Holbrook, 1132 Marquette building, Chicago, secretary of the committee.

### CAN PLAY SUNDAY BALL.

Brooklyn Club Exempt From Interference But New York Teams Are Not.

NEW YORK, April 22.—In a statement issued today, Police Commissioner McAdoo says that the playing of baseball games on Sunday will not be permitted at either of the league grounds in Manhattan, but that match games will be permitted in isolated neighborhoods, provided there be no violation of the law in regard to such games.

In the commissioner's opinion the Brooklyn League park is in an "isolated place" and therefore he will take no action against the league games now being played on Sunday in that borough.

### Donation to Allegheny College.

MEADVILLE, PA., April 22.—(Special.)—Dr. W. H. Crawford, president of Allegheny college, announced in chapel yesterday morning that Col. S. B. Dick of Meadville has given to Allegheny college all the adjoining land, valued at $15,000, between North Main street and Highland avenue, from East College street to George street. The immediate plans of the faculty are to fit up a fine athletic field.

### Fitzgerald Stopped Green.

TOLEDO, April 22.—Willie Fitzgerald of New York stopped Freddie Green of this city tonight in the fourth round of what was to be a 10-round go. Two swings on the jaw sent Green down twice in the fourth, and when he got up the second time a straight jab sent him down for the count. Green fought himself out in the first three rounds. Fitzgerald was without a scratch.

## PITTSBURGH H. S. BEATEN BY WASHINGTON, 5 TO 2

East Liberty Wallops Wilkinsburg High School and Shadyside Defeats the Littles.

The Pittsburgh High School nine lost its first game of the season yesterday afternoon at Friendship park, the Washington High School winning, 5 to 2. Miller, who was on the rubber for Washington, was master of the situation all the way, allowing the Pittsburghers but four hits and striking out 18 men. He had control of his curve ball, which he put over the plate, and the locals were unable to land on it at all.

Washington got three runs in the opening round, which put it on easy street for awhile. Pittsburgh twice had the bags full, once in the fourth inning, when Sophler fanned, and again in the ninth, when Conrad took three strikes. Henning hit for three bases with no one on the circuit. The visitors were favored with what luck there was in the game. Bialas made two sensational stops, one resulting in a double play. The score:

The East Liberty academy nine disposed of the Wilkinsburg High school yesterday afternoon at D. C. & A. C. park, 18 to 7. Harry Bailey pitched ball like a bread winner for five innings and then eased up, as his team had accumulated 13 runs. Wilkinsburg took to landing on the sphere when Bailey took it easy, and the game became more interesting.

The East Liberty players hit hard and timely, B. Lytle leading in the attack. He had five hits, three going for two bases. "Ling" Moffet chased back into left for a "Texas Leaguer," which he got by with one hand, and McDade collected a liner with one hand, these catches being features. Thonhurst hit to the left field fence, the ball rolling through a hole into the adjacent field, going for a home run. The score:

The Shadyside academy nine won from the Little Allegheny McKeesport yesterday afternoon on the Shadyside field, 9 to 7. Shayside landed on the ball at opportune times. The Littles were unable to fathom Don McKaig's offerings consecutively with runners on the bases as often as Shadyside on their pitcher. Price, in the fourth inning, hit over the left field fence with two runners on the bases, but the umpire allowed only two bases because of a ground rule. The ball was on a line and hit a passing wagon. The score:

The Allegheny High school plays the Beaver college team at Beaver today.

Pittsburgh college will have Jack Hollis' bunch of fast Mohawks as its opponents on the Bluff this afternoon. Either Collins, Kummer or Kilgallen will pitch for the collegians, while Vorner will be the slab for Hollis. The college juniors will meet the Marquette A. C. Juniors at Hazelwood.

### Columbus Signs Lefty Davis.

COLUMBUS, O., April 22.—"Lefty" Davis, who refused to play last season with the New York American league team and was subsequently released, has signed a contract to play with the Columbus American association club, and will report at once.

## PALLBEARER ALSO DIED.

Took a Ride in a Buggy, but Expired With Heart Disease.

Charles Dunaher of Shaler township was to act as a pallbearer for a dead friend this morning, but while out driving yesterday afternoon died in the buggy of heart disease. He was 49 years old and lived in Jones street, Shaler township. He was employed as a section foreman on the Pittsburgh & Western railroad.

His friend, Michael Naughton, died Thursday, and was to be buried yesterday, but the funeral was postponed until this morning. Dunaher went to the house to act as pallbearer, not knowing of the postponement. Bartley Naughton, a brother of the dead man, proposed to Dunaher to take a drive through the country. They got in the buggy and were driving in the Three Degree road, about four miles from West Etna, when Dunaher seemed to fall asleep.

Naughton paid no attention to him, thinking that he was tired. Later he discovered his friend was pale and his hands were cold. Thinking that he was ill, he drove him to the Silver Star hotel where it was found that Dunaher was dead. He is survived by his widow and six children.

# MONEY IN NEW YORK LOANED AT 1 PER CENT

## Today's Bank Statement Likely to Show a Large Accumulation of Cash—Steel Preferred Weak. Local Bank Stocks Firm.

By JOHN C. EAGLIN, Financial Editor.

Call loans were made in New York at 1 per cent, and at the close of the day money was offered at that rate. Loans made to stock exchange borrowers on Friday run over until Monday, and the fact that such loans were made yesterday at the lowest rate yet quoted is regarded as significant of the extreme ease in the money market. Since last Friday the banks have gained $4,811,000 through subtreasury operations, and the estimates of the net receipts of currency from the interior ranged all the way from $5,000,000 to $7,000,000. If these estimates should prove approximately correct, today's bank statement is likely to show another accumulation of cash amounting to between $10,000,000 and $12,000,000. An abnormal condition of the money market, such as is reflected in current rates for call loans, is usually due to extreme dullness in commercial circles, or to a lack of confidence in the future. General business is far from being stagnant; the volume is considerably smaller than it was at the corresponding period a year ago or two years ago, but it is large when comparison is carried back farther. As to the future, it is not entirely clear, but there is nothing in sight to cause real apprehension. Ordinarily when money becomes very easy in one market there is a movement toward equalizing the rate in all markets. This equalization is in progress, so far as international money markets is concerned, but there is a very wide difference between conditions prevailing in New York and those prevailing in Pittsburgh, for instance, and in other interior markets. Here money is firm at 5 per cent and easy at 6 per cent, and there should be a movement toward establishing a closer parity between the markets, but so far it has made no progress.

The ease in money failed to stimulate activity in the stock market. On the contrary, the volume of transactions was smaller than for any previous day this week, the sales in New York falling considerably below 300,000 shares, and in Pittsburgh below 2,000 shares. The only prominent feature of the eastern market was the weakness in United States Steel preferred. The stock opened at 57½ and declined steadily to 55¾, closing near the lowest. There was no news to account for the decline, but there was a revival of the old rumor that the corporation was borrowing money. So far as can be learned, there is no truth in this rumor, and what seems to particularly stamp it as untrue was the action of the directors in declaring the usual quarterly dividend. There were some rumors of a favorable nature, including one to the effect that the corporation contemplated sending a committee to Pittsburgh for the purpose of renewing the option for the purchase of 50,000 tons pig iron that was permitted to lapse last week. There was no confirmation of this rumor, and it had no effect upon the market. A few of the minor industrials, like United States Realty and Construction preferred and Consolidated Gas, were firm and higher, while United States Rubber preferred reacted sharply. Amalgamated Copper did not fluctuate more than a fraction all day. Some activity appeared in Brooklyn Rapid Transit and Metropolitan, but net changes were small. The railroad list held steady to firm most of the session. The anthracite coalers were not affected by the discussion in the house judiciary committee of the resolutions relating to proceedings against these roads under the recent supreme court decision. Pennsylvania was firm and at one time rallied to 118. Union Pacific and St. Paul were also firm and fractionally higher. There were times during the day, however, when the market came to a standstill. Just before the close there was some profit-taking in the general list and prices closed at moderate reactions from the highest.

The dullness of the local stock market was indicated by the fact that while there were transactions in 17 different stocks, the total amounted to only 1,579 shares. There was not a single sale of Pittsburgh Coal, and both the common and preferred closed nominally unchanged in the bid price. Crucible Steel opened steady at 37½, but almost immediately sold off to 36½, recovered to 37 and closed offered at 36¾. Pittsburgh Brewing was weak, the common declining to 23¾ and the preferred to 44. Philadelphia Company and the Westinghouse stocks were a shade firmer. The bank call was dull, but prices were firmer, and where changes occurred they showed net gains. Birmingham Traction 5s sold at 114¼, an advance of 2¼ per cent over the last previous sale.

### LOCAL BANK STOCKS.

At the call of local bank stocks yesterday the tone of the market was firmer, but dealings were light. Iron City Trust sold at 116½ and 117, the latter an advance of a dollar a share over the best price quoted at recent private sales. North American Savings was unchanged at 111. For Bank of Pittsburgh 141 was bid, and no stock was offered under 150. The following quotations represent less than 50 shares for listed stocks and 50 shares or less for unlisted stocks:

# FEATURES OF THE DAY.

**IN PITTSBURGH.**

Bank exchanges foot up $8,077,356, a decrease of $1,408,000.

Stock exchange sales were only 1,579 shares, $1,000 bond and $344.75 scrip.

Pittsburgh Brewing common and preferred declined a dollar a share.

Westinghouse Electric and Airbrake scored small net gains.

Crucible Steel preferred declined from 37½ to 36⅛ and closed near the lowest.

Not a single transaction in Pittsburgh Coal common or preferred.

**IN WALL STREET.**

Call money loaned freely at 1 per cent and closed offered at that rate.

All indications point to a good bank statement today.

The estimated gain in cash ranged from $10,000,000 to $12,000,000.

Stock market very dull, sales footing up only 261,300 shares stock and $1,805,000 bonds.

Railroad stocks were firm and closed at small net gains.

United States Steel preferred the weak feature, closing at a net decline of 1 per cent.

## NOTES AND COMMENT.

For the first time in several weeks a session passed on the local board without a transaction in Pittsburgh Coal. Both the common and preferred remained nominally unchanged in the bid price. The scrip remained firm at 99¾.

National Fire Proofing preferred, Philadelphia Company common, Westinghouse Airbrake and Electric all closed fractionally higher. The remainder of the local list closed either unchanged or slightly lower. The largest decline was in Pittsburgh Brewing, both the common and preferred closing a dollar a share lower.

Traders were not inclined to accept as final the terms reported in New York dispatches yesterday as covering the Clairton deal, Crucible Steel stocks were rather heavy, and they will continue heavy until an official statement is made giving the details of the transaction.

Sales aggregating 5,000 shares Tonopah Extension at par, $1 a share, were reported yesterday. The advance was based upon news received from the Pittsburgh party now at the mine. It is said the stock may be listed on the local exchange.

A private sale of 10 shares United States National Bank at 140 was reported.

The Guarantee Title and Trust Company will remove on or about May 1 from the present quarters to the Iron City Bank building, adjoining the Bank of Pittsburgh, N. A.

Henry Sproul of Henry Sproul & Co., who returned from New York yesterday, says Wall street sentiment on United States Steel is bearish, but opinion on the general market is very much mixed.

The gross earnings of Chicago and Northwestern for March decreased $98,000.

R. C. Hall will remove his office today from the Pittsburgh Bank for Savings building to handsome new quarters on the ground floor of 240 Fourth avenue, nearly opposite the stock exchange.

The Star Enameling and Stamping Company has declared a quarterly dividend of 3 per cent, payable forthwith.

Wall street opinion on the dealings in Steel preferred, including stock sales in the settlement preponderates. "After the close of the market yesterday a leading house sent this message: "It looked a little as if some of the local operators who have been selling Steel under the pretext of representing Pittsburgh people, covered some of their contracts today, but they had difficulty in getting the actual stock. They circulated a foolish report today to the effect that the last dividend of 1¾ per cent would not have been paid but for the fact that a common stock dividend had been paid during the fiscal year, and under the company's charter full 7 per cent for a whole year must be set aside before the common can get anything. In other words, they had to pay another preferred dividend at the full rate. The fallacy of this argument is that the fiscal year of the subsidiary ended last, while the preferred dividend comes in a new year in which nothing has been paid on the common. This argument, therefore, is shown to be as ridiculous as some of the other smashing from the bears. Their assertion that the next preferred dividend would be reduced need not be taken any more seriously. The present quarter's earnings were good enough for one of the best of the year, and as the company's tonnage is showing up as well as could be expected, there is no reason to expect other than the full dividend."

The Philadelphia loan for $16,000,000 and the New York proposals to borrow $37,000,000 next month will make May famous for municipal borrowing. Both cities propose to borrow at 3½ per cent. The New York loan or $32,000,000 of it runs for 50 years, while the Philadelphia bonds will be for 30 years. It is seldom that investors have an opportunity to purchase such long-time bonds of the two leading cities of the country. Comptroller Grout of New York and Comptroller Walton of this city both confidently express the opinion that the bonds will be taken readily, but in financial circles there is a more conservative though not a hopeless view. The last sale of New York 3½ per cent bonds was made in January at 101.05, when a lot of $10,000,000 was subscribed for three times over. Beyond the fact that the Philadelphia loan must be placed at 3½ per cent, nothing is known. It has been supposed that but part of the loan would be offered next month, but Mayor Weaver has not yet announced his intentions in the matter, and about City hall it is believed that bids will be asked for the whole of the $16,000,000.—Philadelphia News Bureau.

Seven million dollars were reported loaned in New York on call at 1 per cent and the demand for time loans was practically stagnant. Some corporations are reported to still be borrowing at rates higher than the market, but no important notes issues have been reported during the week. The extent of the week's loan expansion is, therefore, in doubt.

## NEWS FROM THE MINES.

Suit for Eastern Oregon mining properties valued at $6,000,000 was instituted in the United States district court at Portland this week by the Iron Dyke Copper Mining Company of South Dakota. The suit is directed against the Iron Dyke Railroad Company et al.

The Cripple Creek Gold Temple Mining and Leasing Company, operating on a portion of the Gold Sovereign on Bull hill, one day this week shipped over 100 tons of ore which will give returns of $80 in gold to the ton. It was mined in a stope 200 feet south of the shaft at a depth of 550 feet. The ore is not sorted, but is shipped as it is broken down. The shoot is over 20 feet in width. The company has been shipping between 750 and 800 tons per month, but, commencing this week, the shipments will be much greater, as the new machinery will then be installed and air drills will be employed in both the 550 and 625-foot levels.

The Portland will produce at least $10,000,000 in gold this season. Nome has done more work this winter than ever before, and will swell the total several millions more. The shipping of the year in the Klondike has begun. The clean-up will be in full blast in three weeks.

At White Pines, Col., the Spar group of mines, embracing 38 acres of valuable mineral territory, was this week transferred from Messrs. Landrigan and Timm to the Spar Copper Mines and Tunnel Company, of which A. L. Downs of Leadville is president. Mr. Downs is heavily interested in the Homestake Mining Company of Cripple Creek, which is erecting a 1,000-ton cyanide plant in that camp. Thomas N. Stiles, another San Juan and Nevada mining man, is secretary and treasurer of the Spar Copper Mine and Tunnel Company, and John Landrigan, a Leadville and Aspen operator, has the management of future operations.

The Alaska Copper Company placed a contract with the Allis-Chalmers Company last fall for a three-stamp mill. One of these has been shipped to the mines at Copper mountain and is now being erected there. The other two are to be finished as rapidly as possible, and the three will be in operation this summer.

The Cananea Herald says: "Messrs. Conlon & Humphrey have just returned from the famous Guadalupe mine, which has been recently incorporated as the Pittsburgh and Sonora Gold Mining Company, and report that development work is progressing rapidly. Two shafts, over 700 feet apart, both on the main vein, have been sunk 50 feet each and are showing splendid ore bodies. It is expected to sort and ship good ore as soon as the customs smelter of the big Cananea company is completed. Locally this property has long been considered as one of the best free milling gold propositions in the country."

# PENNSY CHANGES BOOM SWISSVALE

## Citizens Are Indignant at Delay in Ratifying Railroad Ordinances.

## HOUSE BUILDING STILL ACTIVE

The improvements contemplated by the Pennsylvania Railroad Company at Swissvale are likely to result in a very substantial real estate boom for that borough. Since the announcement was made that the railroad company proposed to spend $182,000 for two tunnels and a bridge on condition that the borough pay the property damages, which are estimated at $50,000, options have been taken on a number of properties and property owners have shown their interest in the project by advancing the price of their holdings from 50 to 60 per cent in some instances. One of the proposed tunnels will be at Calumet street, near the works of the Pittsburgh Lamp and Brass Company, and the other at Braddock avenue. The bridge will be between these two tunnels, about midway between Washington and Center streets. A majority of the citizens believe that these improvements would be the making of Swissvale in a business way, but are indignant that the ordinances favoring them, which have already passed the borough council, have been vetoed by the burgess. If the changes were made the business center would be shifted from Braddock and Edgewood avenues to Rossiyn and Noble streets, where the greatest advantage in values is now noted. Unless the borough government takes a more favorable view of the matter a special election will probably be held early in the summer to allow the citizens to express their views.

### Building Good Houses Pays.

Speculative house building is beginning to assume a brighter aspect as shown by the projects announced by veteran firms in the business. Charles R. Miller & Co., who are putting the finishing touches to 28 houses on the Chalfant plan at the corner of the Nineteenth ward, have plans drawn for 22 more residences on which work will be started next month. Twelve of these will be built in the North Highland district and the remaining 10 will be on the boulevard, near Hazelwood avenue, where the firm secured a large plot of frontage last summer. These will stand on lots 40x150 feet each, and will cost between $4,000 and $5,000. All will be finished in hardwood below and contain from eight to 10 rooms each. Ten of the Nineteenth ward houses were sold before completed at an average of $8,000 each, showing that the demand for really good houses has not abated.

Two more residences in the Nineteenth ward were sold yesterday by W. H. Pierce for $8,000 each. They are 10-room pressed brick dwellings on lots 40x140 feet and face on the north side of Black street, between Chislett street and Negley avenue. One was purchased by Ike Harris, brother of the theatre buyer, being unknown. The old power house building of the Pittsburgh Railways Company in Penn avenue, between Thirty-third and Thirty-fourth streets, will be given over to amusement purposes. Billiard hall tenants in the building which is owned by the railway company four stories high and is making extensive improvements, including a new colored glass front, new stairs and interior fixtures. When completed it will have a first-class bowling alley, billiard and pool rooms.

Broker property, in the Eleventh ward, Allegheny, which has been used for years for coal yards, is being platted for small dwellings & Hetzel. The property lies between Ridgely avenue and the Brighton road and includes 60 lots 23x120 feet. These are held at $400 each and a 40-foot street is being laid out, soon be graded through the center of the plot, giving easy access to the Shady avenue street car line.

### The Drygoods Market.

NEW YORK, April 22.—The drygoods market has been quiet, although goasip has been busy about the transactions that have been consummated on certain lines of print cloth. The volume is higher and the price lower than was generally estimated, while in narrow odds sales have also been larger and on a basis of 3½c for regulars.

# STRAWBERRIES AND ONIONS ARE ADVANCED

## Potatoes Are Higher—Cucumbers Are Lower—New Poultry Stock Has Arrived.

There was a sharp advance in strawberries yesterday. They are now quoted at $4 25@4 50 per crate and 18c and 20c a quart. The change was due to a scarcity. Alabamas are about exhausted and the North Carolina crop has not yet commenced to move. Cucumbers are quoted lower and Bermuda onions are advanced again. Track potatoes are 5 cents higher. All new produce is in good demand, old stock being pretty well cleaned up. Bananas are firm, owing to continued limited supply. The poultry market is not very active. New Long Island ducklings arrived yesterday and are quoted at 28c a pound.

Eggs are going out about as fast as they come in. Southern stock sold yesterday around 18c and select sold as high as 19½c. There was no change in butter or cheese. Flour showed little change, buyers being fairly well stocked up. Rice and beans are still moving freely. Oats continue weak, owing to the oversupply, and a reduction of ½c has been made. Hay is active. Clover hay sold yesterday at prices ranging from $14 00 to $12 50. Both oats and corn weakened at Chicago yesterday.

### HAY, GRAIN AND FEED.

Receipts bulletined: Pennsylvania lines, 28 cars; hay, 4 cars; oats, 2 cars; and rye; Pittsburgh & Lake Erie, 3 cars hay, 1 car oats, 1 car rye, 1 car malt; Baltimore & Ohio, 22 cars hay, 4 cars corn, 1 car oats.

The following sales were reported yesterday by members of the grain and flour exchange. Dealers charging an advance of $2 00 to $3 00 per ton on hay and about 5 cents per bushel on grain in less than carload lots: Hay, 4 cars No. 1 timothy at $15 00; 1 car No. 1 and No. 2 timothy at $14 50; 1 car No. 2 timothy at $14 75; 4 cars No. 2 timothy at $14 50; 1 car No. 2 timothy at $14 00; 2 cars No. 1 timothy and No. 1 clover, mixed, at $14 00; 1 car No. 1 clover, mixed, at $13 00; 1 car No. 1 clover at $14 00; 1 car No. 1 clover at $13 50; 1 car No. 1 clover at $13 00; 1 car No. 1 and No. 2 clover at $12 75; 1 car No. 1 and No. 2 clover at $12 50; 1 car No. 2 clover and No. 2 timothy at $10 50@14 00; oats, 2 cars No. 2 white at 45½c; 1 car No. 2 white at 45c; 2 cars No. 3 white at 44c.

## Coffee and Sugar.

NEW YORK, April 22.—The market for coffee futures opened steady at a decline of 5@10 points under moderate liquidation following week of firmness. Cables were below the demand, however, from trade interests and later in the day there seemed to be some covering which absorbed demands promptly and held the market steady with 5 points net higher to unchanged prices to a decline of 5 points. There was considerable switching from the near to the more distant positions again and the early months were relatively firmer. Sales reported were reported altogether of only 40,750 bags, including April at 5.90c; May at $5.90c; July at 6.10@6.15c; August at 6.25c; September at 6.35@6.40c; December at 6.65@6.75c; March at 6.90@6.95c. # ANXIETY TO LIQUIDATE REIGNED IN CHICAGO

## Demand from Shorts Caused No Rally and Grain Market Closed Weak.

[By Associated Press to The Gazette.]

CHICAGO, April 22.—Revision of expert reports making wheat conditions in the southwest more bearish was largely instrumental in starting heavy liquidation of wheat today. July delivery closed with a net loss of ⅝@1c. Corn was off ⅜@½c. Oats are down ½@⅝c. Provisions closed practically unchanged.

For a minute or two after the beginning of trading in the wheat pit there was an air of uncertainty. In consequence transactions were rather light and prices were about where they left off yesterday, with July ⅛@¼c lower at 85½@85¾c. Suddenly the market collapsed and a decline of 1 cent or more was experienced in all deliveries. Trading became active and a general disposition to sell became manifest. Reasons for the weakness which had thus quickly developed were various. A correction of a crop expert's report of the southwestern situation as first received yesterday and which was originally exceedingly bullish, large to nullified the first conception of the situation. Traders who bought on the supposition that Western Kansas and Western Oklahoma were the portions of the southwestern territory referred to in the report as being past redemption, had the wheat for sale today. The sellers had in the meantime ascertained that the irredeemable portion of the southwestern wheat fields were confined to Western Texas and Western Oklahoma.

A cable dispatch from Liverpool stated that millers were buying considerable quantities of Indian wheat for May and June shipment at the equivalent of 83 cents a bushel. Such a contrast with the prices at which wheat could be laid down from here had much to do with the heavy selling pressure. In addition there was a large increase in Argentina shipments. No heed was paid to crop damage reports from the Ohio valley and Indiana, the general desire being to liquidate long wheat. Many stop loss orders were executed selecting the decline. The only demand came from shorts, but there was not sufficient buying from that source to cause any great rally. The market continued in a demoralized condition the entire session, the close being weak. After selling off to 84¾, July closed at 84¾@84⅝c. May ranged between 87⅜c and 88¾c, and closed at 88¾c. Clearances of wheat and flour were equal to 237,000 bushels. Primary receipts were 230,100 bushels, against 286,500 bushels a year ago. Bradstreets reported world's exports as equal to 1,043,400 bushels. Minneapolis, Duluth and Chicago had receipts of 161 cars, compared with 135 cars last week and 167 cars a year ago.

The corn market was weak, partly in sympathy with wheat and partly owing to liberal selling by the big holder of both the May and July deliveries. Over a million bushels of May were reported sold by the erstwhile bull leader. There was a little firmness early, but on the break in wheat liquidation in May soon set in. The attending feature marked the price of July and September down with it. Thereafter the market was inclined to drag, about the only support coming from shorts. July opened unchanged to ⅛c higher at 38⅝@38⅞c, sold off to 37⅝c and closed at 38⅛@38⅜c. May ranged between 47¼c and 49¼c, closing with a net loss of 1¼c at 48c. Local receipts were 153 cars, with 26 of contract grade.

Pit traders were persistent sellers of distant deliveries of oats, due to more favorable crop advices. As a result of this selling pressure and under the influence of the slump in wheat and corn, the rules weak, but the declines were not as pronounced as in other grains. The principal support came from shorts. After opening unchanged to ¼c lower at 36¾@36⅞c July sold down to 35¾c and closed at 35¾@36c. Local receipts were 91 cars.

Provisions were quiet and in view of the weakness in grains the market held comparatively steady. There was some selling on a liberal run of hogs, but the market received fair support from packers and shorts. July pork closed 5c off at $12 10. Lard and ribs was a shade higher at $6 75@6 77½. Ribs were off a shade at $6 52½@6 55.

# Bad Roads Hinder Developments in the Lower Southwest Fields

Developments in the lower southwest are still in a rut and will probably remain in that condition until the roads are in a better condition. Light wells and dusters continue the rule in nearly all fields.

In the east side of the Folsom district, Harrison county, West Virginia, the South Penn Oil Company has shot its test on the Ashcraft-Robinson farm and has increased its production to better than 200 barrels a day. The same company has shot its No. 3 on the Jesse Ashcraft farm and has increased its production to 60 barrels a day.

The test on the Haines-Glover farm has been drilled through the Gordon and developed a small show of oil. It will be shot. No. 8 on the G. W. Talkington farm has been completed and is producing 40 barrels a day from the Gordon.

In the northeast end of the Folsom district, the South Penn has drilled its No. 11 on the Jacob Cunningham farm through the Gordon and the hole has filled up 800 feet with fluid.

# DISTRICT ATTORNEY'S OFFICE TAKING HAND IN LICENSE COURT

Information at Hearings About Violations of the Liquor Laws Will Be Utilized.

W. B. RODGERS FIGHTS HARD

District Attorney Stewart has, by his actions, given public notice that he intends to prosecute every violator of the liquor license law, where the proof is strong enough to proceed in criminal court. His stenographer, Benjamin Locke, was present during the entire session of license court yesterday and took notes of alleged violations and deliveries to persons who are alleged to have sold liquor contrary to law. This information will be used in prosecutions.

Hearings yesterday were confined to wholesalers. Applicants up to and including Braddock will be heard today. City Solicitor W. B. Rodgers appeared in court as counsel for W. J. Boyd, who put up the highest fight of the present session and won his case after being penalized 60 days. Attorney Rodgers went after the charges of peddling with hammer and tongs. This bearing was of the old-time rough-and-tumble lawsuit variety from start to finish, and the court for a few minutes resembled a country squire's office. Attorney Rodgers and M. H. Stevenson fought every inch of the road. The anti-saloon detectives charged many violations of the wholesale act, and Mr. Rodgers was just as strong in his denials. The court consulted for a time and finally imposed the penalty. The Charters Brewing Company was held up for a further investigation as to their wholesale business.

A summary of yesterday's proceedings follows:

# COAL OPERATORS MAKE NEW RULES

Harwick Disaster Results in Adoption of More Precautionary Regulations.

STATE LAWS DEFICIENT

Coal companies in this region have adopted new rules governing the operation of their mines. Where the statute laws are deficient in insuring safety the companies have adopted suitable regulations. The Harwick disaster proved to the operators that the state mining laws, while they are proper so far as they go, yet they do not meet the varied requirements of mines of diverse character.

A majority of shaft mines are more or less gaseous, especially where the vein of coal is strong and brittle. Nearly all coal that has to be blasted contains pockets of gas, which, when given vent, spread very rapidly. This "pocket" gas contains more explosive qualities than that which generates from the seams of the coal. It is also more deceptive. Coal that has these pockets emits little or no gas unless one of the pockets is struck. The scarcity of gas other than in the pockets has a tendency to make the miners careless, and when they strike a pocket there is danger.

The officials of the Pittsburgh Coal Company and the H. C. Frick Coal and Coke Company have issued orders to mine superintendents to not only enforce the state mining laws, but to make such necessary rules and carry them out as will prevent accidents of any kind.

The state mining laws are general, affecting one mine as much as another. There are scarcely two mines of the same character. Some are dry and dusty and some are so wet that syphon pipes have to be used to draw the water out. A dusty mine is not dangerous unless it contains gas. Even then it is not dangerous unless the gas is ignited.

The new rules adopted by the coal companies instructs the mine superintendent to see that no dust collects in the mine. When the current of air does not carry it all away, sprinklers must be used to lay it.

Special rules have been made for the fire boss. In addition to complying with the state laws, he must report personally to the mine foreman the exact condition of the mine as he found it. Heretofore the fireboss allowed the men to enter the mine before making a report to any person or even making out his written report, according to the state laws. This rule will relieve the fireboss of all responsibility for the men entering the mines, but still holds him responsible for a report of its condition.

Special rules have been made regarding the blasting of coal. For very gaseous mines the shots must be fired as soon as the men start work. By this rule all the foul air and gas can be removed from the mine during the night, and will not give enough time to generate sufficient gas to cause an explosion of a serious character.

# CHIEF J. K. HUNTER WARNS COUNCILS

Head of Allegheny Fire Bureau Tells of Storage of Dangerous Explosives.

INTERESTING POLICE REPORT

Fire Chief John K. Hunter of Allegheny in his annual report to councils, asserts that in some places of the city there is stored enough benzine and other explosives to blow up an entire block in the event of the ignition of the stuff by fire. The firemen, he declares, are at times in peril of their lives while at work in the vicinity of the places where the explosives are stored. Besides benzine, he says, great quantities of powder, gasoline, and oil is stored within the heart of the business section of the city.

"We have been fortunate in escaping large and destructive fires," says Chief Hunter. "Under no conditions should frame buildings be erected in the central or thickly-populated portions of the city. We have as examples of the folly of carelessness in this respect the terrible fires of Chicago, Baltimore and New York.

"Some of the public halls in Allegheny are fire-traps of the worst description. Exits should be provided, and the owners, no matter who they are, should be compelled to erect fire escapes. If this is not done, there may be recorded a great loss of life."

In conclusion, Chief Hunter urges councils to authorize a considerable increase in the number of men in the fire bureau.

During the past year 408 alarms were responded to. The most disastrous fire was in the plant of Martin Hardsocg Manufacturing company, in South avenue, November 17, when $25,670 damage was done.

Superintendent of Police M. H. Campbell has finished a report that contains some interesting figures. It shows that of $7,648, the value of goods stolen in the past year, $6,132 40 was returned. In the 12 months 3,996 arrests were made, 507 being women. The fines imposed aggregated $15,571 40. Of the persons arrested only 13 acknowledged that they could not read or write.

Sergeant Michael Lynch, during the year, gave shelter to 1,314 lodgers. Of this number 731 were laborers and one was a brewer. Despite a hard season among theatrical people, there was not one actor recorded among the lodgers. This is the first time in years that the report has not shown one or more Thespian in whst is called "Lynch's hotel."

The report of Building Inspector Ellsworth Murphy shows that 706 permits for buildings were taken out. The aggregate cost of the structures was $2,089,375. The Eleventh ward leads the others with 125 permits.

BALKY PACHYDERM CLOSES RAILROAD FOR HOURS

EAST ST. LOUIS, ILL., April 22.—An elephant, en route to the World's fair, today threw himself half out of a box car near here in an effort to secure his liberty, and by refusing to go back into the car caused a delay of five hours to railway traffic. The keeper could not induce the elephant to go back and a crowd of men endeavored in vain to lift the huge beast. Jack screws were finally placed under the bulky body and in that way the elephant was gotten back in the car and traffic was resumed.

# OFFICER TESTS POLICE RULES

Alex. Kerr, In Defending a Judgment, Says It Was Secured Fraudulently.

CAWLEY GOING TO POLK

Arthur S. Law entered a suit against the city of Pittsburgh which raises a peculiar question in which the police regulations are involved. Law was a policeman, and alleges that on January 15, 1902, he was ordered by Capt. Grant Smith to do special guard duty at the house of C. S. Clarke, 1158 Murray Hill avenue, until relieved. He served 18 days, which at $2 50 a day amounts to $45. He was refused payment by the city and sues to recover.

Law says he believes the cause of the refusal is that police regulations say that no officer shall be detailed to do private guarding or service until the money is paid into the city treasury. After the receipt of the money from the person whose property is to be watched, the bureau of police is to be notified and the assignment made.

In the matter of William K. Gillespie against Alex. Kerr, the defendant has filed an affidavit of defense in which he asks that judgment secured on a note be stricken out, and avers it was secured fraudulently. The defendant says the plaintiff went to his house in Sewickley township, Westmoreland county, when he (Kerr) was sick, and by coercion and persuasion compelled the defendant's wife to agree to have the defendant sign a judgment note. The defendant says he has no knowledge of signing the note. Gillespie had a claim of $250 against Kerr, and the latter says the plaintiff took his property in trust, in order to apply the rental to the claim.

Charles Cawley, the young Homestead boy who is a fit of insanity induced by epileptic fits, killed his father, three sisters and brother, on November 10, 1902, will be sent to the institution for weak minded children at Polk, Pa., next week. Attorney Rody P. Marshall will present the papers to the court.

LEGAL BRIEFS.

Alvin N. Swoger took out letters of administration of the estate of James L. Cairns. Attorney S. Harvey Thompson represents the estate.

The South Side Trust Company was appointed guardian of Frances, Paul, Mary and Rose, minor children of Pauline Schwartz, and of Annie, the minor child of Mary Sommers.

The commissioner's report in the divorce suit of Susan McCabe against William J. McCabe has been filed. They were married in February, 1899, and he is charged with deserting her in April, 1900.

In the mandamus proceedings of the Central board of education against the city of Pittsburgh to compel additional appropriation, the plaintiff has filed an assignment of error, averring the court erred in its decision.

The following executions were issued yesterday: Ben Heller et al. vs. John Walka, $80; R. F. Eckert vs. Charles T. Carter, $75 80; H. M. Hopkins, use, vs. W. H. Williams et al., $65; R. L. Matthews vs. A. J. Sapper & Co., $815.

Attorney L. S. Levin, in behalf of the Cosmopolitan club, asked court for a rule on J. Anderson, requiring him to show cause why a judgment he holds against the club for $1,025 should not be opened and the club allowed to defend. The judgment was taken on the lease.

In the equity suit of Sidney F. Lemmine and others against Sarah J. Lloyd, which seeks to prevent the defendant from taking the Young Men's Christian association lot in Sharpsburg as her choice under the will of the late Eliza L. Lloyd, the defendant has filed answer. She denies the contention of the plaintiff that the property of the decedent passes to them, and also states that the provision in the will did not specify that her choice should be made of lots 25 by 100 feet, etc.

In the suit of G. Wohrstedt and others against the borough of Bellevue and the Perrysville Street Railway Company, the latter defendant has filed answer, stating that it is willing that the court shall determine if Thomas avenue is in Ross township or the borough. The railway company denies it has made any preparation to or has intentions of laying tracks in the public roads of Ross township, but expects to operate in the borough.

# HEARST WANTS EVIDENCE.

He Asks Congress to Call for Testimony Against the Anthracite Railroads.

WASHINGTON, April 22.—(Special.)—Representative William R. Hearst of New York appeared before the house committee on the judiciary today in the first argument he has made as a member of congress. He urged a favorable report by the committee on his resolution calling on the attorney general for the evidence against the anthracite-carrying railroads, which includes the report of the Third Pennsylvania district attorney for the southern district of New York.

He reviewed in detail the proceedings instituted by himself against the railroads and demanded that action should be taken either by the attorney general or that the house should appoint a committee of seven of its members to compile anew the evidence in the possession of the attorney general with a view to securing action against these roads under the Sherman anti-trust act.

Youngsters Caught Drinking Beer.

Charles and Frank Weigel, 27 Union street, and John Miller, 28 Bridge street, Etna, were arrested yesterday morning on a charge of burglary. The residence of Andrew Barney, Cherry street, Etna, was entered during the night and they are charged with doing the work. Barney says he discovered the three accused, all of whom are under 15 years of age, drinking beer from the family supply in his house.

# NEW YORK ATTORNEY SPRANG A SENSATION

Insisted That There Is Anarchistic Organization Among Pittsburgh Syrians.

Eight of the ten Syrians arrested for engaging in a street fight in Bedford avenue Thursday afternoon were fined $15 and costs yesterday by Magistrate T. D. Stewart, and the other two were fined $100 and costs because they had knives in their pockets when taken into custody. While the hearing was in progress Attorney N. A. Shibley of New York surprised the police and Magistrate Stewart by denouncing the prisoners as members of an organization similar to the anarchists. He told the court these men had oppressed and annoyed the hard working men of his race in this city, and he came from New York for the purpose of breaking up the society.

Attorney A. C. Stein appeared for the defendants. He said he had been familiar with the Syrians of this city, having many of them as clients. Attorney Stein was inclined to discredit the story of the New York attorney. He admitted the Syrians had a benevolent society and frequently had differences which usually terminated in a street fight or some other violence. The police and detectives also discredit the story of there being anarchists among the Syrians.

The street fight of Thursday was the outcome of an old difference among the members of the St. Ann's Syrian church, Gilmore street, last winter. The Rev. Father G. M. Korkemas was removed from the church on account of the trouble and was afterward arrested on an information made by a Syrian editor. Father Korkemas had many friends among the congregation. The old dispute came up Thursday and a fight resulted.

The more reliable members of the Syrian colony were seen by the police yesterday and denied the existence of any anarchistic organization among their people.

# WISHES THEIR RETURN.

Victor Praises Result of American Influence on His Numerous Subjects Here.

ROME, April 22.—Charlemagne Tower, the United States ambassador to Germany, who is here on a visit to Ambassador Meyer, was received today in private audience by King Victor Emmanuel, who conversed with him lengthily about the United States, showing great interest in its public affairs and the progress it has achieved and demonstrating a thorough knowledge of the subject.

The king referred to the ever-increasing number of Italian emigrants and how they benefited by the American spirit. During the course of his remarks he exclaimed: "I wish that some of them at least would return."

TREE PLANTING POSTPONED.

Unseasonable Weather Delayed the Regular Arbor Day Observance.

Although yesterday was the second of the two Arbor days selected for observance in this state, the unseasonable weather did not allow the planting of trees and while many schools took occasion to remind the pupils of the purpose of the day, the regular program was postponed until the first Friday in May.

On this day 21 trees will be planted in Columbus grove by High school scholars. Seventeen will represent as many botany classes of the Central and South Side High schools, while the four practice school classes will each be represented by a tree. The academic classes will plant sweet buckeye trees, the normal departments American elms and the South Side schools, tulip trees. Songs, recitations and addresses will be delivered on the occasion.

"Bird day" will be celebrated next month.

Need More Floor Space.

Postmaster George L. Holliday returned yesterday from Washington where he conferred with the postoffice officials on the need for more room in the local building. John A. Sutherland of the supervising architect's office in the treasury department accompanied Mr. Holliday to Pittsburgh and inspected the building. He will report to the department at Washington.

# MYSTERIOUS WOMAN TRIES TO END HER LIFE

Uses Revolver and Carbolic Acid in an Allegheny Boarding House.

A woman known as Elizabeth Cronin, aged 23 years, who has lived since last September at the boarding house of Mrs. Annie Eicher, 120 Anderson street, Allegheny, tried to end her life yesterday morning by drinking carbolic acid, and putting a bullet through her head. Poverty, it is said, prompted her to the deed. She was found shortly after noon lying in the bed in her room. Blood was flowing from the wound above her right eye, and her face and mouth were terribly burned with the acid. On a dresser was found a note which read: "Please do not notify any of my relatives. Written by Miss Cronin."

At the Allegheny General hospital the physicians have little hope for her recovery. Mrs. Eicher, with whom she lived, says the woman never spoke of relatives, and only once was heard to say that she came from West Virginia. During her residence in Allegheny she had never worked, and apparently had some money. She seldom went out and received no mail at the house. It was supposed by those in the house that she had a small income, but in her room was found nothing but six cents. For two weeks she had paid nothing to Mrs. Eicher. The woman arose early yesterday and attended mass at St. Peter's Roman Catholic church. About 10 o'clock those in the house heard a shot but supposed it was fired outside.

# SEEK RELEASE FOR PROMINENT AMERICAN

Henry Iselin of New York Detained in France in Connection With Bank Failure.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, April 22.—The American embassy has made urgent representations to secure the release of Henry Iselin, a prominent American living here and highly connected in New York. Mr. Iselin is director of a financial institution called the Societe General de Banque. He is detained pending an investigation into the alleged relations of his bank with the defunct Banque Centrale de Credit Mobilier et Industriel. The recent failure of the latter institution and the flight of its director LePoire, agitated local financial circles. The French authorities have arrested a number of officers of the failed bank and have taken possession of its books. They maintained that the books showed it had relations with the Societe General de Banque. Thereupon Judge Berr ordered the detention of Mr. Iselin.

Friends of the latter claim his detention in the absence of specific charges is an outrage. A number of cable messages have been received from New York asking for the intervention of the embassy. Accordingly strong representations have been made to Foreign Minister Delcasse and this afternoon to the procurateur-general of the republic.

McQueen Goes to Prison.

PATERSON, N. J., April 22.—William McQueen, the convicted anarchist, was taken to Trenton today to serve out his term of five years at hard labor. McQueen was sentenced to five years' imprisonment in the fall of 1902. He appealed the case but his conviction was affirmed. McQueen then disappeared and all trace of him was lost until a few weeks ago he gave himself up to the authorities having just returned from Europe.
